## From Eliyahu

Greetings in Messiah, on this last great day of Succot!

This is just a quick word to say thank you to all of you who joined us for the Daniel Seminar. All of us here at Tsiyon were blessed by your being with us for this special event.

I know some of you missed parts of the seminar, but don't worry, we will be making that available to you as soon as we get a chance to look at our recording files to see what we've got and how we can best make this available to you.

Frankly, I'm needing a little break today, so I'm not writing a lot for this newsletter. However, All of us have been very blessed by the messages you've sent in about the seminar. I want you to know that we will be getting back to you soon, and that we are praying for all of you.

Untill next time,  Shalom, Eliyahu ben David  ***************  E, That 7th night was awesome. Thats all I can say. Great job with all that. Praise be to Yahweh for revealing it to you.  For a long time I have sort of been in the background not doing a whole lot in this work, but now over the past few nights I am starting to get a idea of what Yah wants from me. I know that I must go back through Leviticus again and soak up more of that teaching. Right now that is all I have that I strongly feel led to do.  I know now that I and my family are truly part of the remnant. My wife and I even before the seminar have been really pressed to strengthen ourselves spitutually and we have taken several steps to improve our spirtual walk.  Because of this I have seen our lives get better in many ways both spiritually and physically. Now that we have these things in place and are praying more and studying more we now want more and want to do more and be stronger in Him. I guess what I am trying to say is that I wanted to know if you had any details or ideas that we can implement into our lives to grow stronger in Yah? We sincerely are looking to become great in His nation and me being a man have an extra big obligation to be as close to Him as possible so I can then strengthen my family. So if there are any things you suggest I can do to build up in Him I would greatly welcome them.  Thank you E for your time and patience with me through the years we have know each other. I am so happy to have met you and been given the chance to be apart of your mission and to be apart of the remnant of Israel. Love to you and your family.  ***********************************

Dear Eliyahu, every night it is more and more deeper, more eye opening, more comprehensive. Some times it seems that our teeths will be kinked. You are good predigestor (chewer?). We will need to listen to it again and again. Thank you for your teaching. We sit here in the early morning astonished by the revelation of Daniels prophecies.	Below is some of the feedback that has come in. I thought all of you might enjoy hearing what others thought of the seminar.

I've been able to catch a few days of the program this sukkot. There is a lot to process and think about. Would you please pray in the Spirit over my family? For guidance from YAH that I can lead my family and that I can overcome personal battles. I don't want to just believe in Messiah but to Live in him.

Wow, I am astounded by the Daniel Seminar! It was a lot of information, and a lot of encouragement! I have seen my husband rise up this past week and become more focused, more encouraged and more driven. I pray for all the men everywhere! May they have ears to hear the Spirit. I also pray for all the overcomers everywhere, may we continue on with our Ephesians 6 armour, just like the awesome video at the start of the last two day's teachings. But mostly, I pray we have the strength, drive and will to give our AWESOME Father YHWH exactly what he wants in the coming years. Incredible!
