From Eliyahu

Hello Friends,

New common phrase: "This is crazy!"

After every new story in the news, from same-sex-marriage to males allowed by government fiat into the shower rooms and bathrooms of girls at school, to known terrorist sympathizers allowed to buy weapons to kill people, and on and on - that's what you hear people saying: "This is crazy!"

Indeed, it does seem like the whole world has gone crazy, and is getting more insane with each passing day. That begs the next question you often hear: "what is going on?" Indeed, why is the level of insanity surging off the charts with no end in sight?

We could look at each new absurdity on a micro level to reveal factors and processes involved in a particular change, but that still doesn't explain why so many crazy things seem to be happening all at once, nor do those details explain for us why the trend is toward ever-worse government and societal insanity. Is there a macro-cause behind the whole crazy mess?

Actually, Tsiyon answered that question for you in advance, back in 2008. Back then we told you a period of ever-worsening conditions was about to unfold upon the world, over a period of years, that would eventually bring in the unprecedented global crisis called in the Bible "the Great Tribulation." All the craziness that has been unfolding upon the world since then has only substantiated what we said would happen, that we are hurdling forward to that end.

I am talking about our Revelation Series of radio programs we released during the summer of 2008. These include unique teaching on Revelation from a Messianic perspective, including the startling news that the four horsemen of Revelation were released upon the world in that year of 2008. Indeed, the hoof-prints of those horsemen are to be seen imprinted across the world since then, revealing invisible forces moving the whole world toward the day of final confrontation with the Creator. That Revelation Series was important in 2008, but has become much more urgent now that some years have gone by, and we are now closer than ever to the final conflagration.

The Tsiyon Team believes that the Revelation Series must be produced in video format to illustrate this message, and to make it more accessible to many more people. This is a very big project, since there is nearly 30 hours of material in the original series – that requires a lot of video to be produced. Further, this project will have to be done in between other ongoing projects.

Nevertheless, the Tsiyon Team has already started producing the first Revelation Series video. At tonight's Sabbath Meeting the Tsiyon Team will be screening a preview for our Tsiyon Partners, an inside look, if you will, of the work that has been done so far on this project.

I have purposely not seen this video yet myself! I want to see it, fresh, with you, at this special Revelation Series preview screening.

Tsiyon Partners, join us tonight at our Sabbath meeting for this special event.

I'm excited about seeing this Revelation video, fresh, along with you!

Shalom, Eliyahu
