## Revelation: The King's Response!

What drives the book of Revelation? Is it really just an unending series of woes and troubles poured out on the world with no clear reason or purpose? Revelation appears to many like an incomprehensible story with no unified plot. Actually, there is a critical unifying element to the Revelation "story" from which all of Revelation flows, that gives its "story" both order and purpose. When you understand what that critical unifying element is, where it comes from and what makes it necessary - only then will the Book of Revelation start making any real sense. This episode of our program will fill in this critical unifying element that has been skimmed over or left out of every other exposition of Revelation that you have ever heard or read. If you want to understand Revelation don't miss this. It is literally what Revelation is all about!

*Note For Tsiyon Partners: We are presenting more information for some of these Revelation programs than will fit into our regular hour programs. When we do that we are creating an "extended edition" just for our Tsiyon Ministry Partners that includes EVERYTHING. We are producing Revelation supplements for our Tsiyon Ministry Partners, also. This information is vital for the remnant of Israel and is being unsealed right here, right now. Please, don't miss a thing.*

It all revolves around the scroll with the seven seals in the right hand of the One on the Throne. Yet most interpreters can tell you very little about it. That's a shame, because the scroll really is the central element of the whole Revelation story! After you listen to the
