## Tsiyon News

One of our Tsiyon listeners kindly submitted the following email alert. We don't normally pass on items sent in to us, because of the sheer number of such alerts that we receive from listeners. In this case, we are making an exception and reproducing excerpts of the news alert below, because this news, which we have seen in many other places also, paves the way for exactly the end-time totalitarian Revelation scenario we have informed you about. Be aware. The future is now.

**US Senate votes to end Bill of Rights,  
authorizes military to occupy U.S.  
cities and detain Americans**

Excerpts from: *NaturalNews Insider Alert*  
( [www.NaturalNews.com](http://www.NaturalNews.com) ) email newsletter

In a stunning move that has civil libertarians stuttering with disbelief, the U.S. Senate has just passed a bill that effectively ends the Bill of Rights in America.

This bill, passed late last night in a 93-7 vote, declares the entire USA to be a "battleground" upon which U.S. military forces can operate with impunity, overriding Posse Comitatus and granting the military the unchecked power to arrest, detain, interrogate and even assassinate U.S. citizens with impunity.

It's being called the most traitorous act ever witnessed in the Senate, and the language of the bill is cleverly designed to make you think it doesn't apply to Americans, but toward the end of the bill it essentially says it can apply to Americans "if we want it to."

Even WIRED magazine was outraged at this bill, reporting:

"...the detention mandate to use indefinite military detention in terrorism cases isn't limited to foreigners. Its confusing, because two different sections of the bill seem to contradict each other, but in the judgment of the University of Texas Robert Chesney a nonpartisan authority on military detention U.S. citizens are included in the grant of detention authority." [Wired](#)

The passage of this law is nothing less than an outright declaration of WAR against the American People by the military-connected power elite. If this is signed into law, it will shred the remaining tenants of the Bill of Rights and unleash upon America a total military dictatorship, complete with secret arrests, secret prisons, unlawful interrogations, indefinite detainment without ever being charged with a crime, the torture of Americans and even the "legitimate assassination" of U.S. citizens on right here on American soil!

If you have not yet woken up to the reality of the police state we've been warning you about, I hope you realize we are fast running out of time. Once this becomes law, you have no rights whatsoever in America -- no due process, no First Amendment speech rights, no right to remain silent, nothing.

[Read](#) red alert warning on this urgent development.

The mainstream media is engaged in a shameful and [conspiratorial news blackout](#) of this entire issue.

Are you getting all this? Do you realize America is about to be overrun by our own military? The rule of law is about to be utterly destroyed. No due process. No legal representation. Not even a right to know what you're being charged with when you are (indefinitely) detained.

..Do not be fooled by the trolls and disinfo agents who claim this bill does not apply to U.S. citizens -- a fact which has already been established without question. If this is signed into law, military humvees will roll down the streets in U.S. cities, with gunpoint checkpoints, illegal arrests, secret torture operations and the outright murder of U.S. citizens right in their own home towns.

In observing all this, you might ask WHY is this happening right now? Why would the U.S. Senate deliberately nullify the Bill of Rights and seek the authorize military action on the streets of U.S. cities?

The answer, my friends, will not comfort you: A global economic collapse is coming, and once started, it will likely unleash a wave of social unrest and rioting that could burn many U.S. cities to the ground. The U.S. Senate is probably trying to rush authorization of the military to operate in American cities before the economic collapse arrives, thereby placing troops deep within the roughest U.S. cities where they stand a chance at halting the runaway riots that are sure to materialize when peoples' life savings vanish as the banks collapse.

..The whole purpose of the Bill of Rights is to limit the power of government so that this kind of Senate action is never allowed.

**Tsiyon Comment on this item:** President Obama has threatened to veto this bill. Do not breath a sigh of relief if he does veto the bill. The truth is, he already has all of the powers by executive order that are advanced in this bill, and may only veto the bill to keep those powers exclusive to the presidency. [See [Globalist Agenda Unfolds #168](#)]

In any case, the bill is important because it reveals a dark intention in government to deal with the social fallout from the coming collapse through the use of totalitarian means. It also signals a sense of urgency regarding the impending economic collapse, which may suddenly overtake the USA and the world as soon as sometime in the next year or two. Now more than ever we

must not be distracted from the work of the Kingdom. As Messiah said; *I must work the works of him who sent me, while it is day. The night is coming, when no one can work.* Yochanan/John 9:4

**From Eliyahu**

The book of Ezekiel reads like today's news - only written twenty-six hundred years ago! As we observe the Chariot of YHWH at the Temple, and see what Ezekiel saw there, we soon realize that the entire scene speaks directly to us, so many centuries later. The abominations Ezekiel witnessed in the Temple back then are in evidence all around us today. Back then it was critical for the remnant to wake up to what was going on, to separate themselves from the insidious evil all around them before it was too late. Is it any less critical to do so today? Listen to this program exploring Ezekiel Chapter 8 and decide.

Shalom,

Eliyahu ben David

You can build up a listener base and have fun while your doing it. Keep a list of the churches or synagogues that you have contacted, then wait about 1 week then follow up with another email or give them a call and follow up from there. This ACTUALLY WORKS!! I contact churches and synagogues, messianic, orthodox, reformed, Hassidic etc... We are simply plowing the field so that Yahweh can pull out his precious jewels!!

Email me at [help@tsiyon.org](mailto:help@tsiyon.org), so that we can work together in reaching the scattered remnant of Israel and/or for FREE Tsiyon cards. Shalom, "Wild Man" Dave
