### Tsiyon News - Server Maintenance

We will be doing some transfers and upgrades on our server over the next couple of weeks, while we keep our site open. Please forgive us for any glitches while maintenance is under way.

### Listener Comments - New Occult City

If you're keeping your eye on this demonic build-up that seems to be going on all around us, take a look at these articles and video below. You may be familiar with them already, but they are two items that I just recently stumbled across. I had no idea that the city of Astana, Kazakhstan was being built in this fashion by a Jordanian prince of the Hashmonian family.

### Listener Comments - Occult Grammy Awards

I am sure by now you caught the on stage exorcism at the Grammy Awards show. Almost 40 million for that display. And the gal was with Madonna during her half time show.

### Tsiyon Comment - Occult Grammy Awards

Even I would not have expected another demonic extravaganza so soon after the last one! The crazy occult year I've been warning about is now in full swing. This show by rapper Nicki Minaj at the Grammy Awards was way over the top by nearly everyone's standards. It is called a stage exorcism, but was not, since none of the demons were cast out. In fact, the whole point was not only to mock the Catholic Church, but really, to mock God Himself. Many of the top entertainers for years have had MPD/DID (multiple personalities) due to satanic mind control programming, but hide their alter personalities from the public. Nicki Minaj, on the other hand, pushes her other personalities right out before the public, notably, a male homosexual personality called "Roman." In fact, this startling demonic performance was called "Roman Holiday" in his honor. More about all this [here](#) and [here](#).

### Listener Comments - Bible Code

Eliyahu, I recently purchased a bible code software program from a company in Israel. Being very skeptical at first I downloaded the program about a week ago. I have truly been "shaken" by the results of my random searches of the torah. the program takes Hebrew from the books of Moses and prophets and converts to English. You type in a code and search for a word in the proximity of the code located. I have found both personal and bible meanings in the searches I have done. Could Yah have put the codes in the Torah? If so, in everything their must be two witnesses, perhaps Yah's word in the bible is to be witnessed by the code? What

is also interesting is the code cannot be used to predict the future but only to validate the past or present .. very unique.

**Tsiyon Answer - Bible Code**

Everything that YHWH does has multiple levels of meaning and the closer you look at it the more you find. The "Bible Codes" reflect this. There is real meaning in the Bible Codes which, I believe, are yet another witness to the inspiration of Scripture.

Having said that, I would add that we cannot receive Bible Code research in the same way we receive the plain text of Scripture. It is the plain text meaning that is "profitable for teaching, for reproof, for correction, and for instruction in righteousness, that the man of God may be complete, thoroughly equipped for every good work." 2 Tim 3:16+17

The Bible Codes are interesting, but as you say, cannot be used to predict the future. That's because they cannot be fully and correctly understood without context, which can only be provided by real events after they happen. A lot of guesswork goes into most Bible Codes, involving a lot of speculation, which is why many of the assumptions people draw from Bible Codes are simply wrong.

**From Eliyahu**

With server maintenance going on this week I thought it a good time to replay an earlier program we've been talking about lately. Namely, *Cracks in America*. I am including some new information for our partners with this posting, though. For download we are offering the official assessment of the damage done to the Washington Monument. Early news reports led us to believe the damage was minor. The official assessment says otherwise. It turns out that there is damage pretty much from top to bottom, letting in light, air and water. The cost of repairs will be well into the millions of dollars. Time-frame for the repairs may stretch into 2013. Factor in this new information, and the more recent programs on the occult, as you re-listen to this Tsiyon classic.

Shalom,

Eliyahu ben David
