## Tsiyon News

### New Website

As you may have noticed, our website now looks strikingly different, but everything is still there. It will keep changing, as we transition toward our new *Tsiyon Radio* station, which will begin broadcasting in just one month from now. Please bear with us. **LOGIN is presently at the bottom of the new site!**

### July EBD Crossword Contest Extended thru August

Our programs never caught up to the topic content of the EBD crossword puzzle contest for July. It seems only fair to extend it for another month, so you have 30 more days to complete the puzzle. It's posted on my Eliyahu ben David website blog at [elijahubendavid.com](#).

### Messianic Music Artists

We are very excited by the music we have been receiving from independent Messianic music artists, to play on our new radio station. I know you will love it too! We are only one month from roll-out, so if you are an independent Messianic music artist and would like your music on our station, please let us know now. Thanks.

### Listener Q + A

#### Listener Comment - Denver/Tattoos/Piercings

recently I was in Denver and had a chance to see most of the strange things in this [article](#) ..so I can tell you that it is all true...very creepy! Oh yeah ...what about tattooing of the body...I am seeing soooo much of this lately...From the very old to the very young...everywhere I look I see marking...tattoos on people!!!

#### Tsiyon Answer - Denver/Tattoos/Piercings

I've seen all of this about the Denver airport, and like you, I find it to be very creepy. The article sent says that the "New World Committee" doesn't exist, even though it is directly cited on the Masonic display as providing the time capsule for the future. Of course, the NWC does exist, but exists covertly, so that the world as a whole doesn't know about it. What is the NWC? One must assume this is the body responsible, not only for the time capsule, but for all of the weirdness of the Denver Airport. It must be an arm, if not the head, of the "shadow government" that invisibly pulls the strings of the world around us. The symbols at the airport tell us who these people are. They are 33 degree Freemasons (Illuminists), while also being Nazi-like, willing to destroy a large part of the human race in order to bring in their utopian vision. All the symbols are there. The symbols themselves are proof of the reality of both the

NWC and their occult totalitarian vision of the future. Everything we see in the news today screams that the world is now heading toward exactly the chaos portrayed by the symbols of the Denver airport.

The Denver Airport is clearly the cover for a much bigger and more sinister underground complex. Some who claim to have been involved say there are at least eight massive levels of 22 sq miles each, beneath the airport, connected by tunnels as a hub of a huge underground network. Personally, I don't find that hard to believe.

These factors mentioned in the article all lead to the conclusion that the airport is a feeder site to a much larger underground facility/network:

- Different contractors have been hired for different parts of the airport. They've all been fired after their job was done. This lead observers to believe that it was a strategy to make sure nobody had the full scope of the project.
- 110 million cubic yards of earth have been moved, way more than usually required. This arose suspicion of construction taking place underground.
- 5300 miles of fiber optics were installed for communications (USA coast to coast is 3000 miles in comparison).
- Fueling system that can pump 1000 gallons of jet fuel per minute. This amount is totally absurd for a commercial airport.
- Granite imported from all over the world even if the project was already grossly over budget.
- Construction of a huge tunnel system (trucks can circulate in them) and underground trains. Most of those aren't used at the moment.

Add to that the fact that the Denver area is both a military hub and an intelligence hub and a very sinister picture of the Denver area begins to emerge.

On tattoos and piercings:

Lev 19:28 “You shall not make any cuttings in your flesh for the dead, nor tattoo any marks on you. I am YHWH.”

Both tattoos and piercings are forms of blood letting, which originated in ancient demonic religion and persists today as potent occult workings.

**From Eliyahu**

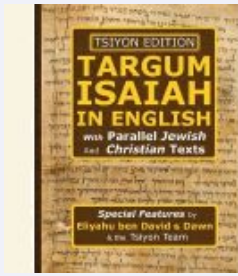

As you can see by a visit to our website, we are busy here at Tsiyon! That's not a complaint. It is a blessing to be about our Father's business. We are now only one month from our one year anniversary since the fire that literally burned up all of our material things. We have been through a lot in that eleven months, recovering from that fire. Beyond that, by His grace we have also made some important progress as well. Now, we are making up for lost time as we develop a new Tsiyon radio station just for you, our Tsiyon listeners! Please be praying for our whole Tsiyon Team, as we move toward our startup date!

Shalom,

Eliyahu ben David
