"Yet for all that [all scattered Israel's sins], when they are in the land of their enemies, I will not reject them, neither will I abhor them, to destroy them utterly, and to break my covenant with them; for I am YHWH their Elohim; but I will for their sake remember the covenant of their ancestors, whom I brought out of the land of Egypt in the sight of the nations, that I might be their Elohim. I am YHWH." Leviticus 26:44, 45

From Eliyahu

Dear friends,

Our Midrash this week is a study of Leviticus 26. This has much to say that is of vital importance to the remnant of Israel as we move ever nearer to the second exodus. I know when you hear it and consider these verses, you will be profoundly moved by this portion of Scripture, as I have been.

While studying for the Midrash during this last week I've been drawn to look back on previous studies I've done regarding the time prophecies of Scripture that impact our day. In the course of those time studies I was reminded of some communication I had with one of our beloved Tsiyon Tabernacle members this last summer.

Here is the unusual and interesting comment from that Tsiyon member I want to share with you:

Listening to your midrash about Cleaning House (#079) and hearing you shouting "IT IS 2014!!!!" I saw number "351" days this morning, I do not know surely if it is from YHWH, I am praying for clarity. With the number came also the word "Jacob."

Isn't that interesting? At the very moment when I was excited about the lateness of the hour for our people - even shouting out the date "2014" - one of our members hears the words: "351 days" followed by the word "Jacob." Surely, that's notable. Here is my reply to that message:

As I write this it is 7/23/14, late morning. You wrote to me 20 hours ago and I'm just seeing it now, so it was 7/22/14 (my time) when you saw the number "351" and the word "Jacob." The number "351" could be the number of days to some future event. 351 days is exactly 14 days short of a 365 day year. That means 351 days from the day you heard the number should be 2 weeks before the same date you heard it, next year. Depending how you count, that would fall on one of the days of July 7 through 9 of 2015. Possibly "Jacob" is involved with the event to happen then. "Jacob" could indicate an important event on the coming date for the remnant of Israel (Jacob), the state of Israel, or possibly a person named Jacob, such as my son Jacob.

After that I left this with YHWH, to bring forth anything else there is to know about it. It's crossed my mind a few times since then, but, to be honest, I've had a lot going on and have pretty much moved on from that point.

So why did this come back to my mind this last week? Well, as I mentioned, I've been studying earlier notes and other materials relative to Yah's time prophecies. In the course of doing that I came across a message a brother sent me back around the end of 2011, which he sent after listening to what was then our latest program (Road to Tsiyon #301). That program contains a time-prophecy about the Remnant. His message shared some thoughts he had about those time prophecies, and others he had been studying. Well, I really appreciated it at the time, but after a while it got filed, and I forgot about it - that is, until I stumbled across it again this last week. As I read through the recovered message a date jumped off the page as I read it. The date? July 7, 2015!

On seeing that date, I immediately remembered the communication above from this last summer, that seems to point to exactly the same date .. July 7, 2015!

Is this just a "coincidence" or is this the answer to the mystery above? You will have to decide that for yourself.

Here is the portion of that 2011 message that discusses the July 7, 2015 date:

So, now fast forward to 2015... Will the present national government of the land of Israel change their law of Aliyah in a few short years?

Due to the division of the land and Jerusalem and coming conflict, we could soon see a change in the Israeli laws of return that were established by enacted by the Knesset, Israel's Parliament for Judah on

April 2 PASSOVER Aviv 14	The Law of Return enacted by the Knesset, on July 5, 1950.	April 4 PASSOVER Aviv 14	Will a similar enactment by the Knesset for the Remnant occur on the adjusted date of
1950	The Law declares the right of Jews to come to Israel.	2015	July 7, 2015?
Sept 26 SUKKOT Tishri 15		Sept 28 SUKKOT Tishri 15	TSIYON.ORG

July 5, 1950 preceded by the April 2, 1950 total Lunar Eclipse on the Feast of Passover and followed by the September 26, 1950 total Lunar Eclipse on the Feast of Sukkot (Tabernacles).

With this pattern, could we see the "Law of Return" amended between the April 4, 2015 Lunar eclipse Passover and the September 28, 2015 Lunar eclipse on the Feast of Tabernacles for Ephraim?

If so, since there are two Julian calendar days separating the dates over the past 65 years, then the day would be on July 7, 2015. I think this day is worth a mark in your calendar.

That's the end of that message excerpt.

Time will tell whether July 7, 2015, or thereabouts, will see such an enactment or amendment as the one suggested above. The remarkable way the two messages above have converged on the date, July 7, 2015 - and the way the blood moon eclipses of 1950 and 2015, respectively, closely correspond - with 2015 running just 2 days later - make all of this worth considering in our prayers.

In any event, I hope we are all aware of how much and how fast the world situation is changing, requiring us to make changes as well. We are definitely living through a significant segment of time for our people. Here at Tsiyon we see the challenges ahead, many of which can be expected to surface suddenly, and we pray for all of you that you will be diligent in your walk with Him today so that you will be ready for extraordinary challenges during your upcoming tomorrows. "Remember the Torah" is your key in this hour, that in the coming days of sifting, you will not be disapproved.

Blessings and Shalom,

Eliyahu Ben David
