## From Eliyahu

Hello Friends,

Here we are, at the last Sabbath of month 6, about to head into the 7th month of this very eventful Shmita year. Some think the events of this month will result immediately in the "pre-trib rapture." They won't. Others think these events signal the immediate start of the Great Tribulation, or even that the Great Tribulation has already begun. They are in error. They might otherwise be right, except for one thing - Messiah has sent four angels to hold back the four winds of the Great Tribulation, because one more great fulfillment of Bible prophecy must occur before those winds will be allowed to blow unhindered. The bond slaves of God must be sealed out of every tribe of Israel! (Revelation 7:1-8)

Right now, that great work involves the gathering of the faithful Remnant of Israel from all the places where they are scattered throughout the earth. That work must now move forward with the greatest possible urgency. Without a doubt, current events about to unfold are harbingers of a great darkness descending upon the world. They are, in fact, the precursors of the coming global government of the beast, foretold in Scripture. Even as birth pangs signaling the nearing birth of the beast send shock-waves through the whole world, that work of gathering the Remnant must be completed. Indeed, Messiah is using, and will use, the global shaking as a means of gathering His Remnant into the nation they must become. Be not afraid, Remnant brethren. There is a place of safety being prepared for the Remnant. That place of safety can include you, if only you will come.

This month IS special. Here at Tsiyon we have been getting ready for this.

In fact, I have literally been getting ready for this all of my life. I was first introduced to the Book of Daniel as a young boy. As soon as I became aware of its startling prophecies I was captivated by it. I have sought knowledge and understanding of the Book of Daniel for decades, since that Daniel connection has had an ever-present call on my life. Even my firstborn son, now in his forties, I named Daniel, in honor of the great prophet I have so admired. Through the decades much of what I had read about Daniel was shattered, as more and more truth came to light.

Since the beginning of this century I have been marking off the passage of the years according to the Book of Daniel, to the moment when I could finally share what I have seen in this amazing Book.

In all of that time I have not been released to teach from the Book of Daniel at all. Now, finally, this month, of this Shmita year of 2015, it is finally time! I am released to begin teaching from the Book of Daniel!

Join me live in real time this Succot as I walk you through the Beasts of Daniel. Some of this you know, but some of this nobody has known, as we literally solve problems and puzzles of the Book of Daniel that have never been explained in a satisfying way before. This is the key to our future. If you are not presently a Tsiyon Member sign up for a free membership today. Just register at [Tsiyon.net](http://Tsiyon.net) and you will be included in this seminar. If you are a Tsiyon Member just login and show up at the right times at our [Tsiyon.net](http://Tsiyon.net) [Tsiyon Member](#) site. There is no cost for you to do so. If you've not logged in before do it now, as we won't be able to provide tech support during the presentation. Let's get you up and running on the site in advance so you are ready when the time comes. If you need help with that, call or email us right away.

The Feast of Trumpets is coming right up, and we are excited about it. Atonement will follow on the 10th, and we urge everyone to be in prayer that day. However, the biggest thing for us this month will be the [Beasts of Daniel Surfacing Live Seminar](#) which we will be presenting to our Tsiyon Members over Succot. Please, come and be a part.

Blessings and Shalom,

## Russian submarine with 20 ICBMs and 200 nuclear warheads is sailing to Syria

Reprint: DEBKAFfile Exclusive Report September 7, 2015

 Dmitri Donskoy TK-208 submarine heads for Syria

The world's largest submarine, the Dmitri Donskoy (TK-208), Nato-coded Typhoon, has set sail for the Mediterranean and is destined for the Syrian coast, debkafile reports exclusively from its military and intelligence sources. Aboard the sub are 20 Bulava (NATO-code SS-N-30) intercontinental ballistic missiles with an estimated up to 200 nuclear warheads. Each missile, with a reported range of 10,000km, carries 6-10 MIRV nuclear warheads.

The Russian sub set sail from its North Sea base on Sept. 4, escorted by two anti-sub warfare ships. Their arrival at destination in 10 days time will top up the new Russian military deployment in Syria.

President Vladimir Putin's introduction of a nuclear force opposite Syrian shores builds up what first looked like an operation to fortify Assad's regime in Damascus into a military expedition capable of an air and sea confrontation with

US forces in the Middle East.

US Secretary of State John Kerry suggested as much Saturday, Sept. 5, when he expressed concern over reports of Russia's "increasing military build-up in Syria" in a phone call to Russian Foreign Minister Sergey Lavrov. The State Department reported: "The Secretary made clear that if such reports were accurate, these actions could further escalate the conflict, lead to greater loss of innocent life, increase refugee flows and risk confrontation with the anti-ISIL coalition operation in Syria."

Kerry was referring to potential Russian interference with US-led coalition air strikes against the Islamic State in Syria.

debkafile's sources in Washington and Moscow report that the dispatch of a nuclear sub to Syrian waters is taken as a strong message that the Kremlin will not let the US impede its military intervention in the Syrian conflict and will go to extreme lengths to keep the way open for the flow of Russian troops to the war-torn country.

This situation has gone a long way beyond Obama administration intentions when US-Russian talks were initially held for US forces posted in Turkey and Iraq, together with the Russian troops arriving in Syria, to launch a combined effort against the Islamic State. Those talks came to naught.
