"Arise, shine; for your light has come, and the glory of YHWH is risen on you. For, behold, darkness shall cover the earth, and gross darkness the peoples; but YHWH will arise on you, and his glory shall be seen on you." Isaiah 60:1, 2

Time Left to Prepare for the Remnant Exodus:

83.25 Months

From Eliyahu

Greetings in Messiah,

The UN 2030 Agenda seems to be everywhere, if your eyes are open to it. We have even received bills in the mail from seemingly unrelated companies that reference the 2030 Agenda in their mailings!

Another evidence of the big 15 year UN push can be seen in the war on cash, presently under way. You may have seen frequent news reports lately pointing out the supposed flaws in actual cash that you can control, favoring a cashless society instead. The impression is that people want to get rid of the 'burden' of actual cash and would much rather have the 'convenience' of a cashless world. All we have to do to get that little bump in convenience is turn total control of our funds over to the banks and the government! No problem there, since both the banks and the government have been totally reliable, and of course, always have the best interests of the people at heart.

Right - I'm laughing too.

The truth is, many aware people are not happy with the push toward 100% digital money. They instinctively know that a big loss of freedom goes with that - even if they don't know exactly how that would work. The reluctance of the masses to support such a move is why we are hearing so much talk about the 'benefits' of a cashless society, in an attempt to create a more positive perception of this intended UN goal. Along with the propaganda new technologies are constantly being promoted to get us more dependent on digital money and less dependent on actual cash. Its the old frog in the boiling water trick that has been going on for years, and unfortunately, has been succeeding.

Ultimately, the bureaucrats and bankers will get their way and cash will be no more. When that happens will that be a good thing? Well, it may be more convenient to wave your phone or your hand - or nothing at all, as charges are simply applied through signals you are literally giving off into the air, to pay for the things you want to buy.

But then again, what happens if Big Brother doesn't like you? ..or wants to force you to pay new fees and/or taxes you don't feel you owe? Well, since all your digital money will be in the hands of the bankers and bureaucrats you will have little or no say over what THEY choose to do with it. Expect a lot of new laws to be enacted giving various governments the 'right' to freeze or confiscate your funds to coerce you to comply with everything from paying your child support to hiring LGBT workers. The county may even freeze your funds or confiscate a fee from you account because you forgot to mow the lawn!

A cashless society will not give us the Utopian future that we are being told it will. Actually, quite the opposite is true. It will give despots and tyrants a level of control over the individual that not even the likes of Adolf Hitler ever knew. Why, if they freeze your account you won't be able to buy or sell at all - until you comply with whatever they want from you - even if it is something as crazy as worshipping the fearless leader.

Are we talking about the Mark of the Beast here?

From Dawn

Hi! We continue to make improvements for you at our Tsiyon Membership site at <http://tsiyon.net/>

Updates this week at the Tsiyon Tabernacle include new weekly action points on the home page.

Under the "Content" menu item we've added a lot. Look for a new heading "Truth Point" under the "Videos" menu to access the public Tsiyon Tabernacle videos in one playlist. This rounds out the content already available from the Big Picture DVD and a separate listing for videos related to the Book of Daniel in addition to those from the Daniel seminar. There was an error in posting the second evening of Daniel Seminar which has now been corrected. You can view the entire Beasts of Daniel seminar and all of this great other related video content once you are logged into the Tsiyon Tabernacle. Please refer your friends.

Exclusively for Tsiyon Partners, we have added "Learning Hebrew" menu under "Videos." Here you will find an archive of available Hebrew lessons, which we will keep adding to on a regular basis. On the Live-Stream page for tonight's Sabbath meeting you will also find a link showing solutions for some of the most common problems. If you are a Tsiyon Partner who has missed any of the Sabbath meetings, you can view previous meetings at the Sabbath archive now located at <http://tsiyon.net/content/sabbath/> The archived Sabbath materials do not require a simultaneous Google login.

Shalom, Dawn

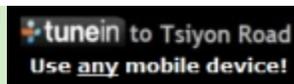

We presented this *Beasts of Daniel Surfacing Seminar* live over 8 days of Succot 2015. It is a major video presentation which explains what is going on in the world around us right now from the standpoint of the Book of Daniel - and it forecasts where we are going. Viewers have called it "incredible" and "amazing" - and now you can see the recordings of the entire event at no charge to you! Just register as a free member at Tsiyon.net and the Daniel Seminar is all there for you to view. Are you a Tsiyon Member already? Great! Just login and see the Daniel Seminar while all this is available free. Enjoy it, and be sure to tell your friends, so they can enjoy it too.
