“Arise, shine; for your light has come, and the glory of YHWH is risen on you. For, behold, darkness shall cover the earth, and gross darkness the peoples; but YHWH will arise on you, and his glory shall be seen on you.” Isaiah 60:1, 2

From Eliyahu

Hello friends,

A day before the USA elections it is appropriate to pause and take stock of what is really going on at this historic moment. The question before the nation is: will America return to its founding principles or will the globalist juggernaut finish off America? Indeed, this is not only a political question - it is a Biblical question as well.

As you know, I have been warning about the growing specter of globalism for a long time now, with very specific messages in 2008. More recently, in the summer of 2015 I pointed out evidence showing that the same-sex marriage decision of the USA Supreme Court was not based on the Constitution, but on UN Human Rights law. In the fall of 2015 I presented the *Beasts of Daniel Surfacing Prophecy Seminar*, which rang the alarm bells on the growing control of the United Nations, with all nations signing a treaty that year which aims at establishing a world government by 2030. I have given multiple other messages reporting on the rise of globalism in many different aspects. I've included news articles in this newsletter showing how agencies of the USA government, under the Obama administration, have been systematically implementing and enforcing UN policies rather than upholding USA laws. This is dramatically true in the areas of immigration, economic policies, environmental policies and attacks on local police.

Globalism is a sinister plan, a wolf being presented in sheep's clothing, which literally intends to take over the world for the elite. This will be at the expense of all God-given freedom, not to mention the further hoarding of the world's wealth, leaving an ever-shrinking piece of the pie for the common man. These results are already being felt on a massive scale, and we haven't even got to the endgame yet. It is little wonder that, finally, there has been political pushback against globalism and the global elite who have been promoting globalism at every level. The big question now is: has the pushback been too little too late?

Before we get to that, let's consider why America has been slipping away. The simple reason is that the population has been turning away from God and sinking into unrighteousness, and even gross wickedness, for decades now. The founding fathers warned the country that only a Bible-believing, God-fearing people would be able to hold onto liberty. Insuring the moral fiber of the nation has largely been the job of the Church, yet the Church has not only failed to be a bulwark against evil, it has often conformed to evil to a large degree. Bottom line: selfishness rules, so wickedness reigns. 50 million abortions is only the beginning of the nation's sins proving out this fact.

Having said that, we must acknowledge that the corruption of the elite is far worse than that of the common folk. This election year has been a real eye-opener for many who already knew the government is corrupt - the eye-opener has been just how corrupt the government and the elites really are! Indeed, corruption has permeated the government from top to bottom, with public officials at every level having sold out the country for their own enrichment. This largely explains how the globalists have already all but succeeded in taking over the country completely. Formerly trusted institutions, such as the Department of Justice and the FBI are now exposed as having been corrupted by the powerful elite. The news media has become nothing more than the propaganda arm of the ruling party. The State Department has favored foreign entities in a pay-to-play scheme of the Clinton Foundation, while allowing security of USA secrets to become an international joke. Even the President was caught sending 400 million dollars IN CASH to Iran! One wonders how much of that kicks back to the sender?

Then there is election magic [blackboxvoting.org] - voting machines that allow elections to be fixed on a national scale. Apparently it is not enough to rob Americans of their liberty and their jobs; the elite would rob them of their vote as well. Computer election fraud alone could provoke the country to unthinkable chaos if it is utilized and the vote tampered with.

Wikileaks has shown us unbridled corruption, not only in Clintonworld, but also in Eliteworld, which is serviced by Clintonworld. Lately this has included leaked emails showing involvement in a satanic ritual called a "spirit dinner" - including urine, semen and lots of blood. Where do they get the menu items for this "dinner?" Where else but from the participants in the satanic ritual? Satanic rituals like this not only appeal to the basest possible lower nature to glorify satan, but they also promise to bring supernatural power to the participants - and power is what all of these elite perverts are after. For years I've said that the global elite are satanists, and I've often been seen as extreme for saying so. Now, its all out in the open. Yes, these people really are that bad ..and worse.

Leaked facts from the investigation of the Clinton Foundation reveal involvement with child sex trafficking! Just this August I presented a message on child sex trafficking of the elite - and now all of this comes out! See the article below.

Here is our video:

Child Sex Trafficking of the Elite

Earlier I asked this question: has the pushback against the globalist elite been too little too late?

I'm sorry, but a Jeremiad message is definitely in order here. It is too little too late. With some notable exceptions, the majority of the people in the country are simply not righteous enough to retain what remains of liberty much longer.

I won't speculate on whether the "election" of Trump will be allowed by the elite. If they decide the popular response is too big to fix they may just let Trump win. If that happens then the battle is just starting - a battle where the elite control all the doors and hold all the keys. In that case Trump will have to be punished, and the American people with him. The elite will dump all the inevitable results of all of their sins on his administration as his fault. This will result in a very rough time for America. The optics will be to show nationalism as a dinosaur from the past that doesn't work anymore. By the time they are finished with this operation a majority of the electorate will be so unhappy with the spanking they have received they will move to the left with a vengeance.

Of course, if Hillary is "elected" despite all of the corruption revelations, the slide toward globalism will continue unabated, and will even be accelerated. There will be a growing resistance that will be put down, as Hillary quickly moves against all of her political foes. Pretty much, it will be a nightmare.

Either way, we continue to move ever deeper toward the inevitable fulfillment of Bible prophecy for this final generation.

There is one answer for the righteous. Join up and get serious with the remnant nation, preparing to go home in the second exodus. Trust me, we will be getting away from the powder keg called "the world" just in time.

Now, about our meeting tonight. We have a whole new format for you for our live meetings! This is gonna be great! Join us tonight at 8 PM CST to see what we are doing now. See you tonight!

Shalom, Eliyahu

WikiLeaks - Child Trafficking Ring!

Child Trafficking Ring , Nuke On Hillary

Hillary Clinton and the Clinton Foundation could very well be **connected to a known child abduction ring!**

Earlier today a Reddit user released a host of connected WikiLeaks emails from Hillary Clinton that connects the Clinton Foundation to a child trafficking ring in Haiti after the disastrous earthquake.

Laura Silsby was the former director of The New Life Children's Refuge that was stopped at the Haitian and Dominican Republic border with 33 children that they claimed were all orphans. None of the children had any kind of paperwork or documentation necessary for crossing borders or identification. Silsby and her cohorts tried to say that they were taking the children to set up an orphanage.

After authorities investigated they realized that none of these children were orphans and that Silsby and her accomplices had stolen them during the chaos after the earthquake.

The story starts to get interesting after the Clinton Foundation helped Silsby and her accomplices out of trouble with the law on the means that they were doing "missionary" work.

The lawyer that represented Silsby and her accomplices was none other than a convicted human trafficker himself, one Jorge Puello Torres.

The story gets even more interesting after Huma Abedin emailed Hillary Clinton directly several times regarding Silsby and the "missionaries" that were arrested in Haiti.

There are also plans for the amount of money that it would cost to house the children from another released email titled "After the wheels are off the ground."

Hillary Clinton and Huma Abedin's extreme interest and following of the incident are suspicious enough but the fact that the Clinton Foundation helped them get off by pressuring the authorities also points to them trying to cover their butts.

Hillary Clinton and Bill Clinton may very well be even worse than they already were known to be.

The individual in question is one Laura Silsby, former director of The New Life Children's Refuge. She was caught trying to steal 33 children from the country, most of whom were not even orphans and had families.

Hillary has a LONG history of interest in Ms. Silsby. Wikileaks emails dating back till at least 2001 have been found in her archives [discussing Laura's NGO](#). Laura had claimed she planned to build an orphanage in the Dominican Republic, but authorities in the country said she never submitted an application for this purpose. They instead located to Haiti.

Huma Abedin was constantly forwarding Hillary articles on this woman's organization:

One of the first things Hillary did when she took over the scene in Haiti was **to get Laura off the hook**:

And the attorney who represented Laura Silsby? A man who was himself convicted as a sex trafficker:

Even more disturbing, we uncovered an email in Wikileaks where they are literally pricing how much it costs to transport children:

Again, this was the same group that got busted by Haitian Authorities trying to Traffic kids.

They're in the Clinton Emails;

Pitch for funding or some shit, super sketchy.

This looks like Mills & co are drafting statements following extradition.
