## From Eliyahu

Already we have reached the third Sabbath of this first Hebrew month of the year. Does it seem to you like time just keeps speeding up? It certainly seems that way to me, as we move swiftly toward the end of the age.

Passover 2018 is now behind us, and it was great! We so enjoyed hearing from many of you, and posting your videos as part of our Passover celebration. The Passover meeting is posted at Tsiyon.Net, for you to view or share with others.

Our theme for this year is: *Entrust yourself to your faithful Creator* (1 Peter 4:19). Surely, our loving Creator is deserving of both our trust and our affection.

Yet, many do not see Him that way. Some see Him as aloof and inscrutable, as if He is totally disinterested in the creatures that He made, and out of touch with them. Others go beyond that, and actually see Him as cruel and brutal, as if He takes pleasure in the suffering of mankind. They see a loving Creator to be incongruous with all of the death and suffering in the world. They think that if He is almighty then He could simply wave His magic wand and suffering would be gone! That He hasn't done that, especially for them, makes them angry at God. Spiteful even, as they accuse Him of being responsible for every problem and trouble we all see and experience in the world around us.

Their view of the world fails to take into account all of the bad choices people make every day, and have been making since Adam and Eve ate the forbidden fruit. Are we supposed to be able to do whatever we want, regardless of how evil or foolish, and He is to simply wave His magic wand and erase all consequences of our bad behavior? What about our free will? Should we be immune to all consequences of bad choices, whether our own or others? If someone points a gun at me and pulls the trigger, did God do that? The Creator gave us free will, which is necessary if we would be fully functional human beings made in His image. Responsibility goes along with that endowment. Bad choices do not only hurt the person who makes them, they radiate out into the world to hurt everyone they touch. If the world of man has become a world of suffering and pain, it is because the bad choices of humanity have made it so.

If you want to know the true nature of the Creator then consider His good gifts. It is just as James told us:

Don't be deceived, my beloved brothers. Every good gift and every perfect gift is from above, coming down from the Father of lights, with whom can be no variation, nor turning shadow. James 1:16-17

Everything we need comes to us from above. Consider how our Creator put so much care into creating our world for us. The sun and moon are spaced perfectly from the earth to support our life here everyday. The earth itself is a masterpiece of productivity, with every sort of delicious and nutritious food literally springing from the earth for our good. Speaking of food, could we not have gotten by with food simply being fuel? Instead, we were created with the ability to discern flavors and textures, and even the beauty of the fruits and vegetables our Creator made to feed us. Clearly, He created the wide

variety of delicious and beautiful food for us to enjoy! Is that not a wonderful gift? Everything He made for man is like that. As you look at the created world with grateful eyes you will see the love of our Creator for us in all He has made. His gifts are all perfect!

Should we not be thankful for all our Creator has given us?

Yet, the world has rebelled against Him and refuses to give Him His due. Atheistic Evolution has been created to make God unnecessary - as if that were even possible. Instead of honoring the Creator for creating the universe, the evolutionists assign divinity to an accidental "big bang" followed by an absurd array of dumb chance to create the world, and even life itself. Yes, they hate God that much, and they will go to any lengths to try and explain Him out of existence. This is worse than ignorance - this is profound evil.

Yes, evolution is evil-ution. Evolution is evil in the extreme. The history of the notion of evolution reveals a doctrine of death and destruction that is literally responsible for the deaths of millions. The evil of evolution needs to be exposed!

This month we are exposing evolution with power-packed truth that cannot be denied! See our whole video series: *Evolution Junk Science*. Join us tonight, at [Tsiyon.Net](http://Tsiyon.Net) at 8 PM CST, as we offer this special showing. This series will be available to all Tsiyon Members online through the rest of this month, including free members. All anyone needs to do to attend is to register as a free member at <http://tsiyon.net/register/> - so tell your friends!

Shalom,

Eliyahu ben David

See: *Darwinian Evolution Junk Science*. This message is excellent for every person who has, or may have, someone in their life who has been influenced by Evolution. Evolution is a theory full of holes, yet it is taught as a fact in schools and universities everywhere. It is considered by many as unassailable, as an established cornerstone of science. Yet, a growing list of scientists are complaining that evolution cannot explain the incredible complexities of life that 21st century scientific methods are uncovering. The truth is, Darwinian Evolution is an archaic relic from the past which was adopted for evil ends. When your friends consider where this idea came from, and the misery and death it has caused, they will be shocked and repulsed by it - and we hope, will want to know the truth about where we all came from. Don't miss this! It will be available to all

Tsiyon members at Tsiyon.Net, along with other special content, for the rest of this 1st Hebrew month! Sign-up is free, so invite your friends to view this now, during this introductory showing.
