## From Eliyahu

Wouldn't this look nice hanging on your wall with your name on it?

I'm going to tell you how you can have the above certificate awarded to you. Please consider this:

Some people sit in church drowning in spiritual milk all their lives, without ever advancing into a knowledge of the meat of the Word, or, in the ability to put that meat to work for the Kingdom. If you are a person content with that, then our Tsiyon Academy won't interest you. However, if you are ready to feast on meat from the Scriptures beyond your imagination - If you want to see your life explode with good fruit for the Kingdom - if you want to be an actual part of the Biblical narrative instead of a mere spectator - then you need to get onboard with Tsiyon Academy!

Amazingly, all of this from Tsiyon Academy can be enjoyed in bite-size pieces that amount to mere minutes a day. This is a commitment to one's self that virtually any person can easily find time to incorporate into their lives - to enjoy benefits wildly greater than the effort expended.

Tsiyon Academy has been great already, but now we are expanding Tsiyon Academy in an exciting new way.

**Here are the Tsiyon Academy opportunities available to you right now:**

### Tsiyon Academy Online Weekly Meetings

Tsiyon Academy is in session at each one of our weekly Tsiyon Sabbath Meetings, online at [tsiyon.net](http://tsiyon.net). Tsiyon Academy Online is presently taking us through the Gospels, verse by verse, as we witness what He did and said while walking among us here on earth. Serious followers of Y'shua will hugely benefit from getting to know Him better as we study and apply every word written in the Gospels about Him. This fits perfectly with our Torah studies, since Messiah was the ultimate Torah Teacher! His words and actions help us to put the Torah into its right perspective to understand its true meaning and intent from the Messianic perspective, drawing us closer to the Heart of the Father.

### Tsiyon Academy Online Participation Opportunities

1 - Viewer - Enjoy viewing these live meetings with participants from around the world each week! This is open to each one of our Tsiyon Partners at any level of support.

2 - Student - Present your assignments [readings/skits/presentations] via video to our global audience. Don't worry! We'll help you get started, and you will be amazed to see what you and YHWH can do together!

**NEW! - Tsiyon Academy Advanced Torah Studies - Receive your Certificate on completion.**

This consists of a series of advanced courses on each one of the five books of Moses, all online at Tsiyon.Net. These are broken down into bite-sized units of study, so even though this is advanced, it is easy to do. A quiz follows each unit, so that you can be sure you are ready to advance to the next level. Unlike weekly Torah portions that you may have heard in the past, these studies literally go verse by verse through the entire Torah, unpacking the difficult verses along with the easier ones. When you have completed the entire *Tsiyon Academy Advanced Torah Studies* for one of the five Torah books, you will receive a Certificate that will assure you and everyone else that you are a Torah scholar who has studied that Torah book in detail - and understand its meaning! Realize this: The entire rest of the Bible is built upon the five books of Moses, the Torah. Meet the God of Israel in these studies as never before! You will be amazed at how understanding the Torah will open up new spiritual vistas for you that you have never imagined, as you plunge deeply into the heart of God, while also adding amazing depth to your grasp of Messiah's mission and message in the New Testament.

For example, tonight in our Tsiyon Academy Online Meeting we will be considering the trial of Yeshua before the Jewish Council, in Mark 14. Yeshua was on trial, accused of violating Torah Law, and the trial itself was supposed to be governed by Torah Law. How can anyone understand this all-important trial of Messiah without bringing the Torah into the picture here? Your Tsiyon Academy Advanced Torah Studies will illuminate your understanding of the Torah backstory of the NT throughout, bringing the true Good News of the Kingdom alive.

**How do I get started?**

It's easy! Just login to [TSIYON.NET](http://TSIYON.NET) and click this picture:

**Tonight's Online Meeting**

Mark 14:32-72 gives an account of Messiah's trial, but who was really on trial, Messiah or those who condemned Him? Tonight at 8 PM CST at [Tsiyon.Net](http://Tsiyon.Net).

Shalom,

Eliyahu ben David

**Top Iranian general: Forces in Syria 'awaiting orders' to destroy Israel**

**Hossein Salami says Tehran also 'creating might in Lebanon to fight our enemy from there with all our strength' and eradicate 'evil Zionist regime'**

In a recent speech, the deputy commander of Iran's Revolutionary Guards (IRGC) boasted that the "Islamic army in Syria" in the Golan Heights was awaiting orders to eradicate the "evil regime" of Israel.

He also said the Tehran-backed Hezbollah terror group had 100,000 missiles aimed at Israel.

"We are creating might in Lebanon because we want to fight our enemy from there with all our strength," he stated. "Hezbollah today has tremendous might on the ground that can on its own break the Zionist regime. The Zionist regime has no strategic-defensive depth."

In the speech for the anti-Israel al-Quds Day in June, translated by the Middle East Media Research Institute (MEMRI), Hossein Salami said that the dangers Israel faces today are greater than at any time in history.

"Today an international Islamic army has been formed in Syria, and the voices of the Muslims are heard near the Golan," he said. "Orders are awaited, so that... the eradication of the evil regime [Israel] will land and the life of this regime will be ended for good. The life of the Zionist regime was never in danger as it is now."

Salami stressed that "the Zionist regime constitutes a threat... to the entire Islamic world. That is the philosophy of the establishment of this regime."

He praised Ayatollah Ruhollah Khomeini, who led the 1979 Iranian revolution, for making the destruction of Israel a goal of the regime.

Khomeini "spread the rationale of eradicating Israel as a new notion in the world's political discourse," Salami said. "Since then, the Zionist regime is fearful, delusional, and worried."

Israel has for years warned of Iran's ongoing attempts to entrench itself in Syria, and has been waging a quiet campaign to prevent Tehran from establishing a new front on its border. That campaign came into the light and shifted into more open conflict in February, when an Iranian drone carrying explosives briefly entered Israeli airspace, before it was shot down. In response Israel launched a counterattack on an air base in Syria, hitting the mobile command center from which the drone had been piloted and killing at least seven members of the IRGC.

Tehran vowed revenge after the T-4 army base strike. On May 10, the IRGC's al-Quds Force launched 32 rockets at Israel's forward defensive line on the Golan Heights border. Four of them were shot down; the rest fell short of Israeli territory.

In response, over the next two hours, Israeli jets fired dozens of missiles at Iranian targets in Syria and destroyed a number of Syrian air defense systems. The operation was widely seen as a success in Israel.

But Salami boasted of Iran's success in launching the rockets, claiming the barrage silenced Israel.

"When the Zionists bombed the T-4 base in Syria and killed some young

men, they thought that they would get no reaction. They thought that America's and England's support could frighten the resistance front. They thought that no one would respond," Salami said. "But the response came in the Golan, and dozens of missiles were fired, along with the message 'If you respond, we will flatten the heart of Tel Aviv into dust.' They were silent, and did nothing further."

Iran has been accused by Israel, the Trump administration, Saudi Arabia and other Middle East countries of supporting terrorism and instability in the region.

Salami blamed Israel for all the Middle East's troubles.

“All the problems of the Islamic world stem from the existence of the false, counterfeit, historically rootless, and identity-less regime named Israel,” he said.

On Sunday Syrian air defenses were activated near the T-4 air base, in response to an airstrike on the facility, which Syrian state media attributed to the Israeli military, although as a rule, the Israeli military does not comment on its operations abroad.

See: *Origin of the Specious* - now showing on YouTube.

People today. They do crazy things. People have always done crazy things, but now crazy things are becoming the norm. Some of these things are morally wrong. They're disgusting, strange, and animalistic in nature. But I guess that's because we're all just animals, right?

Wrong!

Our humanity, our individuality, is something that Darwinian evolution tries to take from us. We are all different, all endowed with different skills, interests, abilities, characteristics, and traits - our lives sacred. We also have a sense of right and wrong, of morals, and a value on human life. According to evolution,

none of that is true! You're nothing, just an animal that acts on instinct. The value of your life is only dependent on how superior and fit you are compared to everyone else. Did you know that?

Watch this video to uncover evolutionary thinking, why people think this way, and how Darwinian evolution influences our modern world.
