From Eliyahu:

Shalom friends,

I'm pretty sure we all realize from the Gospels that individuals can literally be possessed by evil spirits. However, have you ever considered whether a nation can be possessed?

Probably the first modern-day nation fitting that description that comes to mind was Hitler's

Germany under NAZI rule. Indeed, the occultism of the NAZI elite has been well documented and reported upon.

If one considers the demonically-driven NAZI lust for world domination as the main motivator behind WWII, then the NAZIS are responsible for the deaths of over 70 million people in the course of the war. It is estimated that they directly killed well over 20 million people, many in their concentration and labor camps, with 6 million+ Jews being only one targeted fraction of the demonically inspired death frenzy of the NAZIS upon their own people. Yet, the Nazis were not the only regime of the 20th century that behaved like crazed, demon-possessed mass-killers.

Think about this number: 262 million. the late Prof. R. J. Rummel estimated national governments murdered 262 million unarmed civilians in mass killings he termed "democide" during the 20th century. He commented: "This democide murdered 6 times more people than died in combat in all the foreign and internal wars of the century." Most of the big killer nations have been communist and other totalitarian regimes, but democratic nations also added to the carnage. Indeed, the blood from the mountain of mass murders cries out from the ground as a witness against nations possessed by a murderous evil spirit.

Here in the USA, we can't really say we don't have government-sponsored murder. We do. It's called abortion, and its been going on since the 70s. In fact, the main government-supported practitioner of the murder of unborn children in the USA is Planned Parenthood, the eugenics organization founded by the famed communist, Margaret Sanger. Many people today don't know that the founder of Planned Parenthood was deeply involved in the occult. Her child, Peggy Sanger, died of pneumonia on November 6, 1915. Margaret Sanger's biography explains how she sought to reconnect with the spirit of her deceased daughter through the help of occult spirits:

"[Margaret Sanger] spent the rest of her life searching, and often finding, this ethereal, levitating daughter in the spirit world. At the time of Peggy's death, Sanger recalled earlier dreams, now understood as predictions ...The number six - Peggy died November 6 - figured prominently in these memories, and to discover their significance she consulted astrologists and mediums, attended séances, and educated herself on the mechanics of spiritualism." [Margaret Sanger: A Life of Passion, (2012), Jean H. Baker, Hill and Wang, New York, p. 103]

Could Planned Parenthood really be an occult apparatus originally designed to sacrifice innocent children to facilitate the dark occult purposes of Margaret Sanger? Another word for the deliberately innocuous phrase "the mechanics of spiritualism" is *witchcraft*. Yes, that makes Sanger a witch, and it suggests that Planned Parenthood may be exactly what it looks like: a vile and murderous device of a demonically deceived witch. Of course, today not everyone running that empire of misery is a witch. Some are simply involved for the money. Planned Parenthood alone makes almost \$1.3 Billion killing 324,000 unborn babies in abortions per year. Clearly, murder of the helpless and innocent can be very profitable. The obscene profits only make the abortion mill more disgusting than it already would be, if it really was a civil rights organization. If civil rights are involved at all, they are the rights of the unborn to not be murdered before they even have a chance to take a breath - much less than to be allowed to live and have a life like the fortunate children who are spared and not offered up to the demonic abortion god. That this nation has been the home and protector of this demonic monster for decades causes one to wonder: could America actually be a nation possessed?

In Sanger's day witchcraft was frowned upon, so the occult was shunned by the mainstream. This is not so anymore. Now witchcraft has become mainstream. Not only is it glorified in all of the popular entertainment today, but you can easily go online to find thousands of titles of books and DVDs teaching all aspects of witchcraft and the occult. People all around you in your community whom you would never suspect are doing just that. See the article reprinted below for details on just how widespread witchcraft itself has now become. This is the way of the occult. Let in a little and soon it spreads like gangrene, corrupting every fabric and fiber of a nation. That's why YHWH warned His people:

There shall not be found with you anyone who makes his son or his daughter to pass through the fire, one who uses divination, one who practices sorcery, or an enchanter, or a sorcerer, or a charmer, or a consulter with a familiar spirit, or a wizard, or a necromancer. For whoever does these things is an abomination to YHWH. Deuteronomy 18:10-12a

Today America has been overrun by all of these demonic practices YHWH calls an "abomination." How could the unbridled spread of all of this demonic evil be possible here, except that America has become a nation possessed?

Wherever the occult is on the throne the natural order of creation is stood on its head and what is good is called bad and the bad is called good. Every awake Bible-believing person in America, and the rest of the "civilized" world for that matter, has got to be alarmed by just how quickly and pervasively this very thing is happening. From religion, to marriage, to food, to the human genome - nothing is sacred anymore. All is being tampered with. All is being corrupted. And where are the government leaders that should be protecting nature, and protecting the citizens? One has only to consider the real news to know that politicians and bureaucrats alike are, with few exceptions, traitorously sold out to the evil, and far from protecting the people from it, they are the facilitators of it. Sodomites, witches, and soulless corporations are the focus of government protection and favors, while honest, hard-working citizens are penalized as deplorable obstacles to the brave new world. This is, indeed, a nation possessed, a world possessed - and any reader of the book of Revelation should be able to foresee where this is going. Yes, there is a courageous resistance, but in the end, the vision of Revelation must happen, and all of these demonic streams will converge into a putrid but mighty river that cannot be stopped. Unclean spirits are even now leading the nations of the world to the valley of decision, to Armageddon.

My best suggestion for any truth-loving person is this: get off of that bus now, before it gets to the end of the line. This is why we send out this newsletter, and publish all that we do, for you. So you can see the unvarnished urgency of the times. So that you can know the unvarnished truth. And so you can act on that truth and not be fooled by the demons who are running this world. There is another way, Messiah's way. His is the way to life and to safety, in these troubled times. Invest your time now in learning from Messiah, and you will be ready to face the enemy, and win.

Tonight we will be listening to Messiah's word on our live video stream, and you should be hearing this too. Messiah gives us the details on a nation possessed. Yes, this has all happened before. He dealt with it, and won. So did those who followed Him. Can you really afford to be missing this kind of information?

Join us tonight, at 8 PM CST at Tsiyon.Net, as Messiah enlightens us on a nation possessed.

Shalom,

Eliyahu

Witchcraft Booming in America, 'More Witches than Presbyterians'

Reprint: Breitbart, 12/22/18

The number of self-declared witches in the United States now exceeds the total number of Presbyterians, the *Telegraph* declared Friday.

Witchcraft is proliferating in the U.S., with some 1.5 million Americans now identifying as witches, while mainstream Christian denominations shrink in numbers each year, the report claimed.

In a major 2015 study, the Pew Research Center found that the United States had experienced an alarming dip in religiosity over the prior seven years, with Christianity suffering the biggest losses, especially mainline Christianity, which fell by 3.4 percent.

Though the United States is still a statistically "Christian nation," with some 70 percent of Americans identifying themselves as Christian, it is markedly less so than even a generation ago.

The only religions to grow in the period were Islam, which was up a half percent, Hinduism, up 0.3 percent, and the category of "other religions," comprising everything from Baha'i to Wicca to Satanism.

Over the course of three detailed religion surveys, Trinity College in Connecticut found that Wicca has grown tremendously, from an estimated 8,000 Wiccans in 1990 to some 340,000 practitioners in 2008.

In 2007, Americans were 78.4 percent Christian whereas in 2014 — just seven years later — the figure had dropped to 70.6 percent. Some of the smaller constituencies, such as Mormons and Jehovah's Witnesses, remained virtually unchanged, while the larger denominations — such as Presbyterianism — saw significant decreases.

In a 2017 study, Pew found that religious affiliation and practice had dropped off dramatically during President Barack Obama's two terms in the White House.

“When it comes to the nation’s religious identity, the biggest trend during Obama’s presidency is the rise of those who claim no religion at all,” Pew noted in a report titled “How America Changed During Barack Obama’s Presidency.”

“As Christianity declines across the country, paganism has swung to the mainstream, with witchcraft paraphernalia for sale on every high street and practises normalised across popular culture,” Friday’s *Telegraph* article declared.

As Breitbart News reported, dozens of witches met in Brooklyn in October to place a curse on Judge Brett Kavanaugh “and upon all rapists and the patriarchy which emboldens, rewards and protects them.”

“We will be embracing witchcraft’s true roots as the magik of the poor, the downtrodden and disenfranchised,” a website advertising the October 20 event stated, “as often the only weapon, the only means of exacting justice available to those of us who have been wronged by men just like him.”

A quarter of the proceeds from the event were donated to abortion giant Planned Parenthood, organizers stated.

The FBI conducted an investigation into the allegations against Kavanaugh, but its report revealed “no hint” of sexual misconduct, and he was sworn in as a justice of the Supreme Court.
