"Arise, shine; for your light has come, and the glory of YHWH is risen on you. For, behold, darkness shall cover the earth, and gross darkness the peoples; but YHWH will arise on you, and his glory shall be seen on you." Isaiah 60:1, 2

From Eliyahu:

Shalom friends,

Some things are never supposed to happen, and if they do happen, they must be ignored, or even opposed, as if they didn't happen. Why? because they don't fit some pre-sold narrative of reality. Some ideas have been carefully crafted by the wizards, the story-spinners of the elite overlords of society, to keep them in a job, and their benefactors in place, in power, and their money and influence trickling down from the top. The truth must be obscured and hidden at all costs, because, if the masses of people were to actually see the stark reality for what it is then the wizards behind the curtain would be exposed. Once that happened the entire elaborate scam would melt away like ice on a hot day, and the jig would be up. Or at least, that has been the fear, the fear that if the masses see the light of the real truth the scam is doomed.

Eventually the professional liars, story weavers and con artists who work night and day to spin and uphold the false vision of what is OK for everyone to pretend to believe - eventually those people come to realize the vast majority of the masses are just like them. The masses WANT to believe the lies, or at least, they pretend to. Why? Because they don't want anything to change. They have built their own future on the foundation of lies that have been fed to them as unchangeable reality from birth. To leave that ground of lies

behind would be like stepping off the edge of the world. What would happen to them? The chaos is unimaginable. So, even if they know that black is not white, and two plus two isn't five, they will pretend to believe whatever absurd line they are expected to support. The definition of words that have had a definite meaning forever can change overnight, and the majority will accept the change as if it had always been so. They will go along with whatever it takes to not rock the boat, to continue to be accepted by the "right" people. This gives huge power to the propagandists, who can and do shape "public opinion" into any contortion they wish.

When human society reaches the point where light is indistinguishable from darkness, where truth doesn't matter anymore, and all that matters is going along to get along - when society becomes that totally perverted, corrupt and utterly blind to the truth, then that society has already all but destroyed itself. It has already gone over the cliff and simply hasn't hit the bottom yet. When it does hit the bottom the whole world will explode and the casualties will be immense. This final outcome is foretold in Scripture:

Then the Torah-less one will be revealed, ..even he whose coming is according to the working of satan with all power and signs and lying wonders, and with all deception of wickedness for those who are being lost, because they didn't receive the love of the truth, that they might be saved. Because of this, Elohim sends them a working of error, that they should believe a lie; that they all might be judged who didn't believe the truth, but had pleasure in unrighteousness. 2 Thessalonians 2:8-12

It's not pleasant to think about. However, it is wickedness to go along with lies simply to make your life easier. Truth matters, so seeing the truth, and acting on it matters also. Truth-lovers have a hard road in a world full of liars and collaborators with satan, but that hard road is the only road for the righteous. That hard road is the road that Yeshua Messiah trod before us. Open your eyes and let in His light. Walk in His light and put your trust in Him and His truth. Granted, to do so is to go against the rising tide of darkness. But never fear, in the end of it, you will be glad you did.

John 9 is remarkable in its narrative dealing with spiritual blindness versus the light of truth. It could not be more relevant to us now, who are facing this very dilemma daily. Join us tonight at tsiyon.net, at 8 pm cst, and lay your spiritual eyes upon this amazing light of truth!

Shalom,

Eliyahu

Editor's Note: Last month, news outlets all over the country reported on the story of a seven-year-old Texas boy who is being "transitioned" into a girl against his father's will. The process eventually involves puberty blockers, surgery, and a lifetime of opposite-sex hormones, not to mention the likelihood of life-long mental health problems for the boy. The father, Jeffrey Younger, sought protection for his son in court to prevent his x-wife, Dr. Anne Georgulas, from following through with the "transitioning" program for son, James. Many were stunned when a jury found contrary to Mr. Younger and for Dr. Anne Georgulas. That this happened in Texas, a historically conservative state, is an indication of the depth of the darkness society is quickly sinking into. This report below is an update on that case.

Judge Overrules Jury in James Younger Sex Change Battle

Reprint: The Daily Citizen, October 24, 2019

The Texan reported that Judge Kim Cooks ruled that Jeffrey Younger and Dr. Anne Georgulas will remain in joint managing conservatorship of their son, 7-year-old James Younger. Cooks overruled an earlier eleven to one jury decision that denied Mr. Younger sole conservatorship over the boy.

Georgulas insists that James is really a girl and calls him "Luna." Younger, her ex-husband, understands that James is biologically male and believes Georgulas began pushing him to identify as a girl when he was almost 3 years old.

The judge also placed a gag order on the father and said both parents will have a say in 7-year-old James' and his twin brother Jude's medical treatment. This begs the question of how James will be raised and what kind of therapy and medical treatment he will receive, since the parents are in such strong disagreement.

After the jury decision, Governor Greg Abbot tweeted that two Texas agencies were looking into the case, the Texas Attorney General's Office and the Texas Department of Family and Protective Services. Those investigations remain ongoing.
