From Elijah:

Shalom friends,

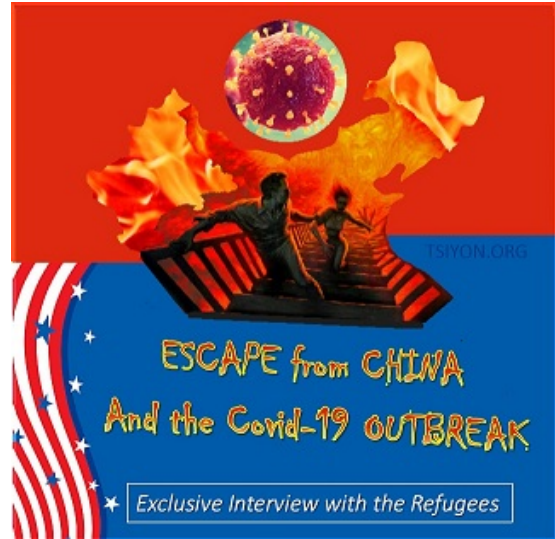

We should not be so surprised about the severity of the Covid-19 virus. It is a pestilence on a global scale, among the signs of the final days leading up to the Great Tribulation. Messiah said:

"For nation will rise against nation, and kingdom against kingdom. And there will be famines, pestilences, and earthquakes in various places. All these are the beginning of sorrows." Matthew 24:7-8 NKJV

Now its here, definitely causing "sorrows." Some people say it is not nearly as bad as it is being made out to be. They are wrong. The reality is far worse than is being reported. Consider the *Epoch Times* report under this headline:

[Leaked Documents Reveal Coronavirus Infections Up to 52 Times Higher Than Reported Figures in China's Shandong Province](#)

"52 times higher" would mean there were millions of deaths in China - not thousands, as reported. Surely, that must be sensationalism. There could not possibly have been millions of unreported cases, could there? Actually, there are multiple indications that China has not been honest about the figures, with a death toll monumentally higher than the numbers coming out of the CCP. For example, look at this report that was forwarded to me as I was writing this newsletter. It speaks for itself:

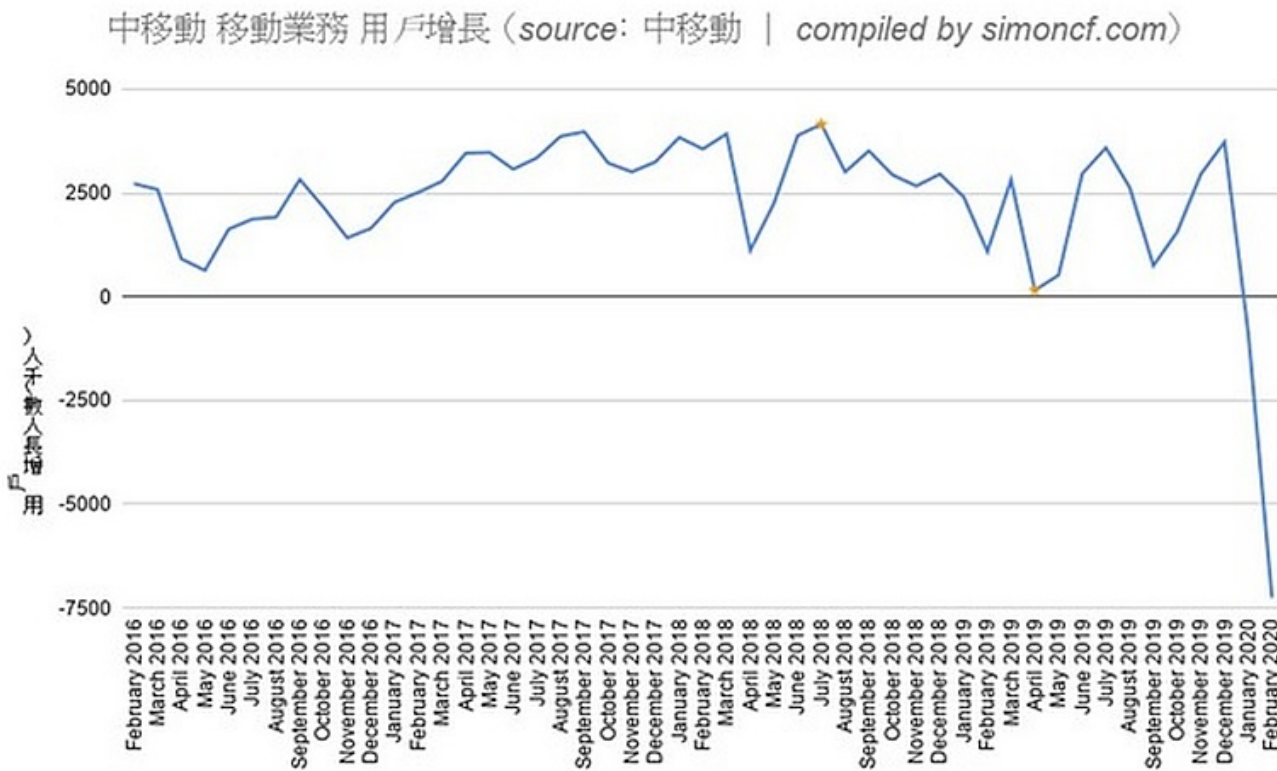

Jennifer Zeng 曾鋒
@jenniferatntd

Latest figures released by China Mobile show that they have lost 8.116 million users in Jan and Feb. Where are these users now? Switched to other carriers? Or, they couldn't carry their phone to the nether world?

Chinese report at: bit.ly/2QxDobi

#CCPVirus #COVID2019

8,000,000+ users disappeared from China Mobil phone company.

It

China Mobile is one of three major phone carriers in China. We can likely assume the other two had similar losses of customers. For argument's sake though, let's say they each had only half as many losses of customers. That's still **16,000,000 [16 MILLION PEOPLE] GONE!**

Where did they go? Some left the country, no doubt. A lot of people fled China during January and February. However, it would be impossible in two months for airlines to move anything like that many millions of people. That leaves multiple millions more who are unaccounted for. Perhaps the stories of mass graves and round-the-clock crematoriums are not just "conspiracy theories" after all. Unknown millions have literally gone up in smoke.

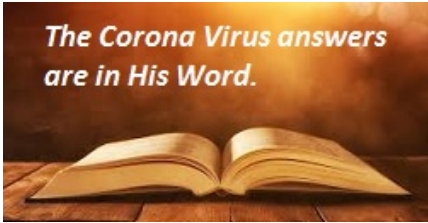

Of course, this means far more carriers of the virus infected far more people around the world than we can even imagine. This certainly helps to explain the extreme mobilization of so many nations when the grossly under-reported figures still seemed to be low, in comparison with even the flu. Trust me, the authorities know the truth, but they don't dare to tell us, for fear of the panic that would thus ensue. Therefore, they have gone along with the deceptively low "confirmed deaths" [i.e. those China was willing to admit to] because to do otherwise is unthinkable.

Why am I saying what I believe government authorities have been too afraid to say? I'm saying it because, in a world of smoke and mirrors, this conclusion makes a lot more sense than anything I've heard on the TV news. The truth always comes out eventually. When it does there will be hell to pay. You need to be aware that could happen. You need to be ahead of the curve. My responsibility is to my Messiah, and to you, not to this world that is soon passing away.

This brings me to tonight's video-stream meeting. I'm sharing with you an interview I did just a couple of days ago with a couple who escaped out of the chaos and invisible death originating in, and then spreading throughout China. Like ancient Noah's family, YHWH brought them through, preserving their lives. Messiah is the reason they were unharmed and were able to make the dangerous journey out of the iron grip of the CCP to freedom and safety for themselves and their little girl.

Could you use some inspiration and encouragement about the uncertainty you are facing right now? This family went before you, following Messiah through the crisis. They have already been through much of what you are facing now, and what you will be facing. They have testified, that they often

felt weak, confused and uncertain. Yet, as they cried out to their Father in heaven, He made the way. Yes! He makes the way where there is no way! You need this encouragement and practical experience and wisdom.

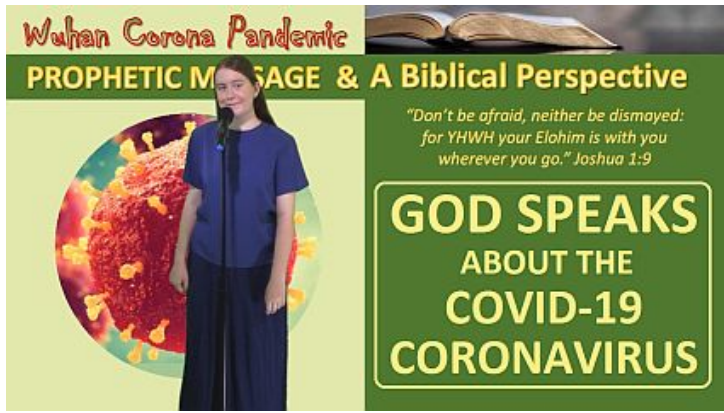

I am so proud of our Tsiyon Team here in greater Austin Texas. They have all been working very hard during this crisis - stepped it up way beyond our already rigorous effort. Why? Somewhat to adapt here to the crisis. Far more though, to reach out to you, and to the millions of our neighbors, where ever they may be, with hope from Tsiyon. YHWH is real. He loves us. He is directing us for His own great purpose. The interview we will be sharing with you tonight is one more powerful evidence of His great love for His people. This timely interview will be aired to all Tsiyon members. Tell your loved ones and friends to [register free of charge and join us for this special meeting free of charge](#). Please, join us live tonight at tsiyon.net, at 8 pm cst, for this real-life encouragement from your Father.

Good health and many blessings to you all!

Shalom,

Eliyahu
