From Eliyahu:

Shalom friends,

In the late 1990s I was privileged to make a mission trip to Singapore, where I ministered to a congregation of ethnic Chinese brethren. In the short time that I was there I came to deeply appreciate the hospitality, the intelligence, the diligence, and the industriousness of my Chinese friends. I also enjoyed many of their Chinese customs and culture, which they readily shared with me. I loved those folks and I still miss them today. From that experience I know that the Chinese people stand in stark contrast to the Chinese Communist Party (CCP) that has ruled China since 1949.

Birds of a feather. Working together.

Yes, it is the same CCP that rules China today. Much can be known about the CCP from one simple fact of history - in the 20th century during the Chinese Cultural Revolution (1966-1976) alone, the CCP killed some number between 1 million (1,000,000) and 8 million (8,000,000) of *their own people* in pursuit of their Marxist goals. While unthinkable to the sensibilities of western populations, killing masses of their own people for strategic purposes has never been a problem for Marxist dictators, since they rationalize the slaughter as being for "the greater good."

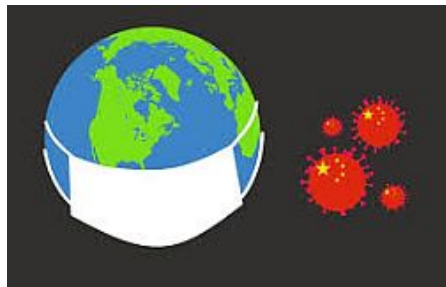

Different look - Same CCP

Admittedly, the broad estimate of deaths from 1 to 8 million, is not very exact. This is not the fault of historians who have attempted to chronicle the atrocities. The CCP has more precise numbers and details regarding the people they killed, which information the CCP classifies as "state secrets" which they have never released. If they truly had turned over a new leaf they would have been transparent with the world about the deaths, if for no other reason than for the peace of mind of the surviving relatives and friends of the victims. They never did that, which tells you they never really changed.

Instead of honestly breaking with the horrors of the Cultural Revolution by being contrite about it, they have instead conducted a massive disinformation campaign designed to erase memory of that bloody chapter of their history from the public consciousness. It is surprising how many people today, especially young people, minimize the mass murders of the CCP, or even think they never happened. I was a young man during that period, and I was well aware of a fortunate few who witnessed

the bloodbath, and escaped to tell about it. From them I know that no people on earth have lost more, and suffered more at the hands of the CCP than the Chinese people themselves.

What a difference a few decades has made in the world's perceptions of the CCP. Western politicians and big business interests have found it both convenient and profitable to blame then Chairman Mao Zedong for the mass murders of the Cultural Revolution, while downplaying the role of the CCP, which Mao led. They, along with the mass media in the West, have enthusiastically embraced, and then echoed, the propaganda of the CCP - thus pulling the wool over the eyes of the world. Ever playing the role of compassionate patriots, the Western elite and their lapdog politicians and media have amassed untold trillions of dollars from their unholy alliance with the CCP, at the expense of the average Joe here in the West. The wealthy opportunists sold us the naive notion that by being nice to the Communists, giving our jobs to the CCP, giving the CCP control over our most sensitive technology (even military technology), making them rich and powerful beyond human imagination, that somehow the CCP would be so appreciative that they would stop behaving like Marxists and start behaving like human beings. Now we in the West, being pummeled by the weaponized CCP Virus, are paying the bill for our stupidity with our freedom, our treasure, and our lives.

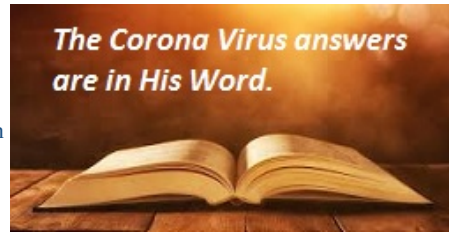

Not surprisingly, the CCP is exactly the same dictatorial communist mob now that it was under Mao, with the same aspirations for Marxist world dominance that has always been their central goal. The murderers have put on new clothes, and have adopted a new look, but they are still the same abhorrent anti-Christ cabal they have been from the start. While the West has been asleep at the wheel the CCP has been infiltrating absolutely everything. They have a long term master plan and they have been working it for decades and are working it still. They have been winning for years, and they are still winning. Success always attracts admirers. The globalists look at the total control the CCP exercises over China and they absolutely salivate as they imagine the same level of control over the whole world. The dystopia of the CCP has become the model paradise for the globalists. Birds of a feather flock together. The CCP and the globalists each have something to gain from the other by working together. They are working together to conquer the world. The weaponized CCP Virus is our current best evidence of that. As I said in 2015, "The

beast of Daniel is surfacing." Now, it has broken out into the open sea of mankind and is massively changing the world. The present bio-weapon gambit is one giant leap toward the end of the world as we have known it.

Maybe you don't have a brain of your own anymore and have swallowed the propaganda suggesting the sort of things I have reported above are "racist" or just part of some so-called "Red Scare." If that's your attitude, please unsubscribe to this newsletter, because nothing I have to say here can help you. You are

already too far gone for me to make a difference, since you are already fully prepped to take your place in the zombie apocalypse, standing in line to eagerly receive the "mark of the beast."

If, on the other hand, you have the grit in your gut to view present realities of world events with a clarity that only comes from the Word and Spirit shining like a laser on the naked truth in the world around us, then you might want to stick around for tonight's live-streamed meeting. We are going to talk about something I hope you have already observed, that is: "The Weaponized CCP Virus Promotes UN Agenda 2030." This timely presentation will be aired live to all Tsiyon members, and is free for anyone who signs up at Tsiyon.Net. Tell your loved ones and friends to [register free of charge and join us for this special meeting](#). This timely presentation will be live-streamed tonight at tsiyon.net, at 8 pm cst, and a video recording will be shown thereafter for a limited time. Be there, if you dare.

Good health and many blessings to you all!

Eliyahu
