**From Eliyahu:**

Consider this:

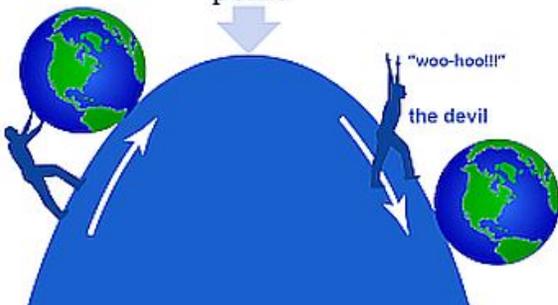

**URUK TIMES, April 21, 2342 BC, CLASSIFIEDS, MISC.  
OFFERING YOUR LAST OPPORTUNITY TO ESCAPE DESTRUCTION**

For many years I have posted here that the end of the world is coming soon, and your only hope of survival is to change your life and join me and my family in building a giant wooden box to escape into before the end comes. This is your last call. We have entered the last phase of the building project. Join us now to get up to speed with the necessary requirements to be delivered from this world and to enter with us into the new world. This instruction will take several years, so after this there will not be adequate time for you to get ready. If you are troubled by the exceeding evil of this world, then please, respond immediately. Everyone knows where Noah's Ark is being built, since they all come to watch and laugh. Answer this call immediately, if you want to survive.

Dear Noah, I'm Woldly. I'm responding to your recent ad, but I really don't know why. I guess it is because I really don't like a lot of the stuff that has been going on, ever since the fallen ones came and took over. The truth is, I resent them throwing their weight around, and especially taking any of our women that they want and raising up the huge half-breeds from them. Those guys are brutal! I'm not like most of the people, that cater to them and seek their favors. Oh yeah, I do pay my tribute like everyone else, but I don't like it. I only do it because my wife Delarayum and I like to go into the city now and then, and we don't want to make any waves, if you know what I mean. Anyway, we like those Maqdee's Honeycakes (what makes those things so addictive?) and we also like to get the Starnuts Bean Nectar - that stuff is good! Besides that, our son Jocko is on the stickrock team there, and he is doing great. He's very athletic, so that might open doors for him for a better future. As his parents, we need to be concerned with that. While I'm writing I'm realizing that I do have to give the fallen ones credit for all the great tech that has made our lives better. Musical entertainment, fashion make-up and accessories, and especially all kinds of items made of metal. We wouldn't be half as advanced as we are now if it wasn't for them, so they are not all bad. Anyway, I just wanted to write and tell you that I think I might even follow you if it weren't for - well, your stupidity really. I mean, how can moving into a giant box save you from anything? That's just silly. One guy told me you said it is really some kind of big boat. I mean, the thing is huge! And you deserve credit just for building something so amazing. But if it is supposed to be a big boat, why did you build it so far from water? There is no way you are going to be able to get that huge thing to the water now that you have built it. That's just crazy. So Noah, I hate to break it to you man, but you are going to need to fit in with everyone else a lot better, and stop being so stupid, if you want people like me to follow you. I probably would, if you were not so over the top. Let me know if you get these problems worked out somehow. Then I might come along. Think about it dude, I'm just trying to help.

tipping point

Did this little exchange actually happen? Probably not precisely this - but something very similar to it happened many times in the course of Noah's ministry. And now, it's happening again. Messiah said:

"Just as in the days of Noah, so will be the coming of the Son of man. For as the people before the flood were eating and drinking, marrying and giving in marriage, until the day Noah entered into the ark, And they knew nothing until the flood came and carried them all away; such will be the coming of the Son of man." Matthew 24:37-39

The signs that Messiah gave us in Matthew 24 are present all around us. Yet, this CCP-virus (a man-made global "pestilence") is moving these events leading to the end of the world over a tipping point from which it cannot return. It is just like the days of Noah, when the fallen ones came down and set about corrupting the seed of men. Humanity as YHWH had created it would have been wiped out and replaced by a new hybrid race that YHWH never intended. This was war against the Creator, as well as war against the

creation. There was only one answer to the problem - Noah. The Creator gave Noah a solution that was so radical and so strange that it seemed absolutely foolish to the minds of fallen men. Out of all the people on earth, only Noah had been carefully prepared to believe what the Creator told him, and to commit himself to accomplishing the impossible - by faith and a lot of hard work. Only his family knew him well enough to believe Noah, and to help him. The rest of the world thought he was just too far out - too unreasonable - to be believed. Besides, the people were entirely obsessed with their own comforts, hopes

and dreams to even contemplate what was (spiritually speaking) so obvious. From the Creator's standpoint there was no lesser, more "reasonable" answer. The pure seed of man had to be preserved, and all the rest had to be wiped clean for the very survival of the human race.

The CCP-virus bio-weapon attack on humanity has brought us to a very similar problem, from which we can never go back to normal. Yet, the world remains in the same stupor as did the world of Noah's time. Many people refuse to believe it is a real thing, which is playing right into the hand of the enemies of humanity. Most people though, know it is bad, some because of the deaths, others because it is such a huge inconvenience. On many levels it is sending destabilizing ripples through the entire fabric of human society like nothing that has ever happened before (except in the days of Noah).

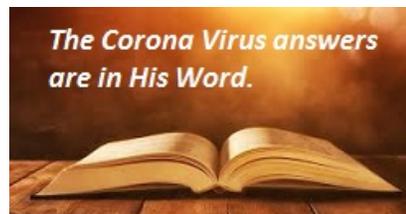

The CCP-virus entering a human cell to edit its DNA.

There are many confusing voices about the origin of the CCP-virus. You need to grasp what has really happened if you are to come through this anything like in tact. The starting place is to learn the facts that absolutely prove that this virus is not naturally occurring. The proof exists that it is in fact a genetically engineered bio-weapon, with very specific characteristics, created for very specific purposes, aimed at all humanity. The human race has had an existential crisis thrust upon all of us. You may think this thing is all about killing the weak and the sick, since that is the big focus right now. You couldn't be more mistaken. The far bigger thing is what comes later. We will all need to make the biggest decisions of our lives to adequately deal with this, and the sooner the better.

Until you get your head thoroughly wrapped around the full implications of this global bio-attack, do whatever you need to do to NOT get the virus! I'm not just talking to old and sick people. This is equally vital for everyone of all ages. This is wartime and you need to treat this as a weapon aimed at YOU. The most dangerous people in the world right now are unpredictable people who happen to be your friends and loved-ones. Especially people who think God is going to magically protect them from the virus. Did you ever catch a cold? Then, faith or not, you can catch this, with hugely worse results. Anyone with a casual attitude about this virus, no matter who they may be, is as dangerous to you as your worst enemy, because that person is being unknowingly used by your worst enemy. Being too nice in wartime is the worst thing you can do. The devil loves to take advantage of nice people, using their niceness against them. Being too nice in a wartime environment can get you, and others around you, killed. This is war. Consider yourself warned.

Given the mammoth scope of all of this, we all need to be spending more focused time in prayer than ever before. We will be praying together at tonight's live meeting. Before we do, we will take a much more detailed look at how the CCP-virus works, and how we know it is a genetically engineered gain-of-function bio-weapon, and hopefully we will all start to grasp what that really means. The only ground from which you can adequately deal with this situation like none other, is by knowing and acting on the truth of what is really going on - whether you are emotionally prepared to do that or not. That's why both rock-bottom truth and prayer are so important.

This live-streamed meeting will be aired tonight, at [tsiyon.net](http://tsiyon.net), at 8 pm cst. A video recording will be shown thereafter for a limited time. Right now, this is absolutely free. Tell your loved ones and friends to [register free of charge and join us for this special meeting](#). By signing up they will also receive this newsletter, and vital videos and seminars. We have what you need right now.

Blessings and good health to you!

# Biblically unclean animals responsible for pandemics

## 'Is it possible we've been ignoring the practicality and divine instructions?'

Reprint: WND, April 14, 2020

Nearly every influenza pandemic for the last 1,000 years would have been prevented if the Bible's prohibition against "unclean" animals had been heeded, argues Bible teacher David Rives. The host of TBN's "Creation in the 21st Century" and the author of "Bible Knows Best," Rives noted that the majority of such animals are scavengers that are prone to passing on diseases to humans. Among them are bats, which are believed [by some] to have been the transmitter of the coronavirus to humans in Wuhan, China.

Such animals are "here for good reasons," Rivas said, such as cleaning the environment. But eating them is not one of those reasons.

"Was God simply placing oppressive rules upon His people so that he could punish them when they broke His commands?" he asked. "Or do we believe that everything commanded by the Lord is not only just, but for our own good as well?" Rivas noted that, genetically, some animals are remarkably adept at passing on deadly diseases to humans. Research into past pandemics shows the following animals, along with mosquitoes and fleas, have been responsible for pandemics:

- Pigs (Spanish Flu, Asian Flu, Swine Flu)

- Bats and certain other avian creatures (SARS, MERS, and Covid-19)
- Pangolins (possibly Covid-19)
- Chimpanzees (HIV/AIDS)
- Rats (Black Death, Great Plague of London, Third Plague)
- Camels (MERS)
- Dogs (Hong Kong Flu, Asian Flu)
- Civet Cats [mongoose-like creatures] (SARS)

Those animals are on the list God gave to Moses of animals forbidden for the [Israelite] people.
