From Eliyahu

Consider this:

Why is the world so crazy right now? The answer is simple: we are in the midst of a world war, and even though it still is being played out, the enemy has already won. For the most part, it is not a shooting war. That's because winning depends on stealth and deception on the part of the aggressors who are running an 'op' on humanity. They maintain a false face on their true intentions, selling the world an altruistic vision as a cover. The vast majority of the world's population must stay unaware of the meaning of the events around them, so they do not engage against the enemies of humanity who are perpetrating the war. Here, I am of course, speaking of the cabal of globalists who are closely associated with organizations such as the World Health Organization, the United Nations itself, and the World Economic Forum, with lots of help from the CCP and other complicit national players. In fact, at this point, these organizations are little more than front groups for the mega-corporations and billionaires who are out to solidify their control over the nations and people of the world through the creation of a global government meant to take control of absolutely EVERYTHING. And yes, I know how crazy that sounds - and is. Yet, these groups have already told us what they are doing, and I am just summarizing it for you, without the spin.

For example, consider the United Nations "Global Goals." Wikipedia summarizes them by saying:

The Sustainable Development Goals or Global Goals are a collection of 17 interlinked goals designed to be a "blueprint to achieve a better and more sustainable future for all". **The SDGs were set in 2015 by the United Nations General Assembly and are intended to be achieved by the year 2030.**

We all want a "better and more sustainable future for all" don't we? Well, when you go to the United Nations website and read the "Goals" they have been working to implement since 2015 you will be utterly amazed at the scope of those "goals" as enumerated in [detail](#). While some of the "Goals" themselves sound great, the means required to achieve them must be total control over everyone. The masterminds make it very clear in their promotional materials that all people must comply (for the good of humanity of course). That's because, under this plan, the globalists must receive control over all of the earth's resources, including over the people, as a necessary pre-condition to accomplish the "Goals." On a national level, this means that the nations of the world must surrender their national sovereignty to comply with "Agenda 2030" - which they have already ratified in the UN General Assembly in 2015. The term "globalism" is synonymous, among other things, with this shift of power from the nations to the 2030 Global Government.

Of course, this darker aspect of Agenda 2030 is never discussed publicly by the establishment, including the establishment media. Despite that, there has been major pushback against the globalist plot by forces dedicated to maintaining their national sovereignty. This pushback has been scorned as a "populist" movement by the globalists and their lackeys. Brexit is one major example of this populist pushback. Perhaps the example which has been the greatest threat to the globalist agenda has been the election and administration of President Donald Trump. His election turned on the choice between globalism and nationalism. His "Make America Great Again" motto spits in the eye of the globalist plot. [As I predicted in advance](#) , the globalist forces have fought tooth and nail against Trump from before his election to the present, bringing every deceptive and corrupt scheme possible against him, in an effort to unseat him from office. While in office, he has ceaselessly unhinged and tirelessly spoiled all efforts within his sights by the globalists to bring down America - which they must do to gain ascendancy over the world. This is the essence of the world war now being fought. It is globalism against nationalism - and the point of that arrow is Donald Trump.

[Covid-19 is a bio-weapon of the globalists.](#) It was concocted on purpose in a lab, and was released on purpose with very strategic timing. Donald Trump, despite all the attacks against him, had accomplished more for America and Americans of every race and creed, than any US President in at least the last 70 years. This is shown by looking at the numbers instead of at all of the insults relentlessly hurled against Trump by the media. In saying this I am not speaking as a supporter of Trump. I am a supporter of the Kingdom of Yeshua Messiah alone. I am simply speaking as an objective observer of what has actually gone on. Anyway, my point is, the globalists knew, on the basis of his record, they would not be able to unseat him from a second term. It became vital for them to unseat him, because he has been a major resistive force against their globalist program.

Hence, Covid-19, at exactly the right strategic moment. Through this crime against humanity they created an issue that could be used against him to unseat him from office. At the same time, Covid-19 has already raked in multiple billions for the elite.

More importantly, the pandemic has softened up the people and the nations of the world for the next phase of Agenda 2030, namely, [the Great Reset](#), promoted by [the World Economic Forum](#). Notice that this will be the next phase of the war against humanity, planned to come up shortly after a new and more compliant American administration is put into office.

To get there, an election had to be won against Trump. This was, without a doubt, the most crooked US election in American history (and probably *history* period). That is not a conspiracy theory. More facts come out daily demonstrating every sort of voter fraud known to man being brought to bare in the recent "election." Most troubling of all is the revelation of computer programs used to actually move votes from one candidate to the other sufficient to steal the election for the globalists (the democrats are just a sub-group of the globalists in the effort to bring down America). We don't know for sure yet if the globalists will be able to make the crooked "election" stick. I read an article this morning which, if true, offers some hope of maintaining the integrity of America for a little while longer - or not. It may just result in a further intensification in the war, if anything. Read it yourself [here](#).

In any case, if Trump does manage to overcome the subversion of the globalists and stay in office, at best he will only manage to hold off the inevitable a little while longer. Prophecies in Daniel and Revelation tell us where this world war will end. The globalists will win, and will bring in the most horrible oppression ever experienced in the world. Yeshua told us. He said:

"..then there will be great oppression, such as has not been from the beginning of the world until this time, no, nor ever will be again. Unless those days had been shortened, no flesh would be saved. But for the sake of the chosen ones, those days will be shortened." Matthew 24:21-22

This is no joke. That's what the corrupt super-wealthy globalists are bringing on mankind, powered by money, influence and technology to make it happen. Globalist traitors, betrayers, double agents, saboteurs, opportunists and cowards now riddle the governments and bureaucracies of, not only America, but of every major country in the world. Unimaginable money has been spent and is being spent to buy politicians and other government players in strategic positions to act, like an army of termites, to bring down the old national order. The corruption is so wide spread nothing can stop this now, even if there is some back and forth in the flow of the war. This is the end of the age, and you are living through it, whether you want to or not. Covid-19 should tell you that you are not beyond the reach of the globalists. They are after us all.

All of the nations will fall to the corruptive influence of the globalist forces. This is a heart-breaker for people who love their nation. No place is this more true than in America. There are millions of Bible-believing Americans here who see the Bible and the American Flag as very much two parts of the same whole. For them, it is nearly impossible to dream of their idealized America being lost to the globalists. Yet, the facts on the ground are against them in this, as also is the message of Bible prophecy. Their position is much like the people of Jerusalem in the time of Jeremiah. The Prophet told them it had already been determined by

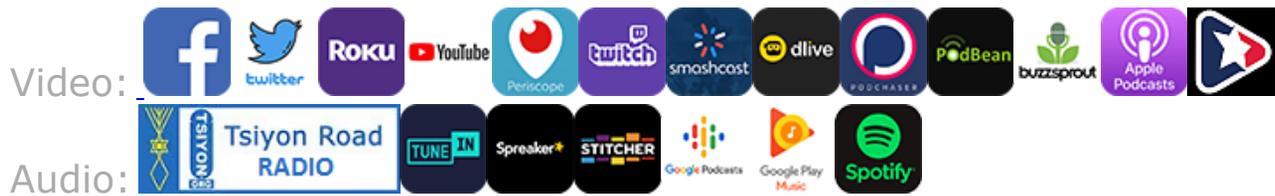

YHWH that Jerusalem would be destroyed by Babylon, and he offered the people a way of escape. At the same time, there were numerous experts and "prophets" telling the people "that will never happen! Jerusalem is God's city!" they said. Jeremiah, though simply conveying what YHWH had said, was viewed with disdain, as some sort of traitor, simply for conveying the message. None but a few listened to Jeremiah, to be blessed with a way of escape when the Babylonians did indeed come and destroy Jerusalem, killing many, and carrying off most into captivity in Babylon. If this could happen to Jerusalem it certainly can happen to America, or any country. As both Yeshua and Abraham Lincoln are both quoted as saying: "A house divided against itself cannot stand." With patriots in mind, I am bringing out a new video series, meant to get the Lord's people to look up, to see His Plan written in the stars. The name of this new video series is: *The One and Only Nation Written in the Stars*.

Part One of this video series will be premiered tonight, entitled: *The Creator Wrote Signs in the Sky*. You will find this series to be very encouraging, since it reveals that YHWH had a plan for His people for these days, before mankind ever existed! Come and take in this unique Bible message. This entire series will be made available to the public, so invite your friends and relatives to see this with you. This premiere will be aired tonight, at [tsiyon.net](#), at 8 pm cst. I look forward to sharing these ground-breaking messages with you!

Blessings and good health to you!
