### From Eliyahu

Consider this:

From the most ancient times righteous men and women have looked up at the stars in wonder and awe, and felt moved to give glory to the incomparable Creator who made the heavens. For example, David wrote:

*When I look at your heavens, the work of your fingers, the moon and stars that you set in place - what are mere mortals, that you concern yourself with them; humans, that you watch over them with such care? Psalms 8:3-4*

Indeed, the sheer size and scope of the heavenly creation makes man seem very small, infinitesimal really, by comparison. Yet, the Scriptural record reveals that our Grand Creator put all of that heavenly splendor into place with humans in mind. The entire visible universe is constructed with man in mind, according to the Scriptural record. In fact, the Bible would have us believe that the earth is a unique place in the

universe, with all of the heavenly bodies having been created to be part of a sort of cosmic machine that supports Earth alone as the center of physical life in the physical universe. [Gen 1]

The uniqueness of the Earth is not a popular idea today, since many theorize that with a universe so vast, there must be many other planets supporting life. However, that popular idea does not stand up to the latest science, which seems to indicate that the Earth is so unique in the universe that it "shouldn't exist" statistically speaking. Consider this:

**A new study suggests that there are around 700 quintillion planets in the universe, but only one like Earth.** Its a revelation thats both beautiful and terrifying at the same time. Astrophysicist Erik Zackrisson from Uppsala University in Sweden arrived at this staggering figure ... a 7 followed by 20 zeros ... with the aid of a computer model ..Zackrissons model combined information about known exoplanets with our understanding of the early universe and the laws of physics to recreate the past 13.8 billion years ... the planets Zackrissons model generated looked very different than Earth ... they were larger, older and very unlikely to support life ... Zackrissons work suggests an alternative to the commonly held assumption that planets similar to Earth must exist, based on the sheer number of planets out there ... His research indicates that, **from a purely statistical standpoint, Earth perhaps shouldnt exist.**

[[www.discovermagazine.com/the-sciences/earth-may-be-a-1-in-700-quintillion-kind-of-place](http://www.discovermagazine.com/the-sciences/earth-may-be-a-1-in-700-quintillion-kind-of-place)]

It is not surprising that the more we learn, the more known science comes into agreement with the Bible. This keeps happening over and over again. Why? Because the Bible is not just another book. It is filled with Divine Truth. Why should people think it so strange that the Creator who made this unique place, the Earth, and created everything in the visible universe for our sake, would also communicate with us to explain to us what He is doing? Indeed, the Bible reveals the Creator, His intentions, and His relationship with Man - a relationship we have made very difficult due to our choice to ignore our Creator and to go our own way instead. No, that is not everybody, but it is almost everybody. Certainly enough of the human race to have taken us far away from our full potential that our Creator had in mind when He created our Earth, and mankind upon it.

In fact, at this point in time mankind has wandered so far from Him that we are very much in danger of destroying our earthly home, and all life upon it. We are so proud of our technological accomplishments, but this very technology may prove to be far more than man can control, and if not checked, could bring us to annihilation.

Technology cuts two ways. On the one hand, we all enjoy modern conveniences. On the other hand, technology multiplies the powers of the high and mighty of this world to a very dangerous extent. Without it, the elite of this world could never amass so much of the earth's wealth, and with it, so much power and control over the politics of every country on earth. The flow of all this money, born of the technocrats, has corrupted the politicians, so that darkness and evil thrive throughout the nations of the world, while the common people are thwarted at every turn. Freedoms are swiftly being rolled back, as covid-19 has so harshly demonstrated all over the world, while the agenda of the globalist elites is being unfolded upon the nations of the world in startling swiftness and reality. The common thread is corruption everywhere, eating away at the foundations of the world that mankind has depended upon for thousands of years.

The only recourse that "free" nations have had to protect themselves from tyranny - the ballot box - seems to have now come under the technological control of the elites, so that *elections*, while feigning respect for the will of the people, have actually been transformed into *selections* by the elite - meaning that any hope of real freedom is no more. At this point, the intention of the elites is clear. In a word, they want to be God. They intend to use technology to take all power away from everyone who isn't them, to make the inhabitants of Earth into their clones and slaves, to serve them and their interests. They are farming the human race, and they are getting a lot of help from the opportunists and fools who either take their money or believe their deceptions, or both. They promise a humanitarian utopia just over the horizon - a utopia they clearly don't believe in themselves, but continue to use as a carrot to entice all the stupid donkeys who are enamored by them. This is a vain thing, and it can't end up in anything else except a world on fire.

To what nation can we turn to escape this nightmare? Listen to this:

**Come near, you nations, to hear!** Listen, you peoples. Let the earth and all it contains hear; **the world, and everything that comes from it.** For **YHWH is enraged against all the nations**, and angry with all their armies. He has utterly destroyed them. **He has given them over for slaughter.** Isaiah 34:1-2

The prophecy of Isaiah is upon us, and the wrath of YHWH will soon fall on "all the nations" of this world. Could that include America? What about the word ALL don't you understand? America gets no special pass exempting it from righteous judgment against the corruption and evil that now permeates this land. Some are putting up a valiant fight against the corruption, but at this point the die is cast, and America is already lost with the other nations - even if many can't allow themselves to believe it yet.

It is for this hour that YHWH has preserved a nation that IS NOT a nation of this world! It is a Holy Nation that He has kept for Himself. It is to His Holy Nation that all of the righteous must flee, to get out of the corrupt nations of the world before the punishment due them falls upon them. That's why we must look up at the stars, to see His nation, written there before time by our loving Creator, to point the way for us in these critical days. The stars and the Scriptures agree. There is a nation of Divine Destiny written in the stars, and more importantly, in the Word, to make a way for the righteous to flee the swiftly coming wrath.

*The Nation of Divine Destiny Fully Revealed* will reveal to you that nation written in the stars. Yes, this earth is a unique place in the universe. Our Heavenly Father thought of everything - He even thought of the trouble we are all in right now - He wrote His answer to that trouble in the stars, so that the righteous can look up, and see His tender care for them written in the stars before any of us were ever born. His answer is His nation, and you need to know about it.

*The Nation of Divine Destiny Fully Revealed* will be premiered tonight, and you and your friends and family are invited. That's tonight, at [tsiyon.net](http://tsiyon.net), at 8 pm cst. Signup at the website is free. This presentation is sure to uplift and encourage you, as you take in this vital information.

Blessings and good health to you!
