## From Elijahu

Consider this:

**As we began 2020 nobody had ever heard of Covid-19.** In fact, there were a number of news articles published promising, not only a rosy 2020, but a rosy decade ahead! That is not what I was seeing. I knew that Bible prophecy for this time period requires massive changes in the world leading up to the one-world government that is foretold to arise, as we rapidly approach the end of this final generation. I saw a series of shocks coming in this decade that will come in like waves, one after the other, leaving a changed pattern upon the world, forcing the world into the globalist plan of the elite. I have been talking about this for years. My first Tsiyon News of 2020 indicated this, and the picture with caption you see below (left) is from that same newsletter of a year ago. (continued below)

Buckle up boys and girls,  
the next decade will be a wild ride!

If New Year's Eve is any indication,  
2021 will be weird like 2020, only worse!  
*" Know this, that in the last days,  
grievous times will come."*

2 Timothy 3:1

**As 2020 unfolded, it was clear that I had not been wrong.** In fact, I was more right than a lot of people would have believed UNTIL all the craziness that was 2020 shocked the world. Now, we have started 2021, and the stage has been set for more shocks to come.

**The USA presidential election** is a good example of what I'm talking about. The election was wildly fraudulent. I'm not going into the proof for that here. All you need to do is start digging beyond the smokescreen of the main-line press and the evidence mounts up to heaven that the election was stolen by fraudulent means. This bodes dark clouds for 2021. Regardless of who ultimately wins the election battle, the outcome will be social unrest and violence. How far will that go in 2021? The possibility of all out civil war is definitely on the table. Civil war could open the door to war between geo-political blocks and even invasion of American soil by foreign enemies. I'm not saying that will happen this year, but it could.

**Another area of concern is the economy.** The Covid-19 plandemic has devastated economies of nations around the world. Trillions of Dollars have been created out of thin air to keep the people as placated as possible, and to keep the global economic ship from sinking. Millions have been forced into hunger and homelessness. Once-beautiful cities are now little more than stinking pits of human waste and mass chaos. The termites have been feeding on the foundations of society, and by now the whole system as we have known it is nearing the tipping point into oblivion. Meanwhile, the pressures of the load being heaped upon the people of the world keeps mounting up. The Remnant need to be seriously planning to get out in the Remnant Exodus, before the walls and roof of the world finally caves in.

**Of course, none of this is an accident.** It has all been engineered to create enough panic and fear to bring the masses to a place of demanding a solution. In the short term, the Great Reset is the solution being offered. Of course, the "solution" must come at a price. That price is your freedom. Demands will be made the Bible-believing people cannot agree with. Persecution of believers must happen. How are we to deal with a world as messed up and hostile as this one?

This is precisely why we are doing a deep study through the book of Acts right now. Those early believers had to deal with a pagan world under the iron hand of Rome. In that oppressive environment they not only survived - they thrived. How did they do it?

They were empowered by the Holy Spirit! They were organized into one united Body of Messiah in the earth! They received teaching and instruction from Spirit-anointed teachers who knew and exemplified what the Word really means! They had a wide variety of Spiritual gifts distributed to a wide variety of believers, by means of which they could cope with all manner of problems and pressures of the 1st century world, to overcome and accomplish their mission under the rulership of Messiah.

All of this and a lot more is laid out for us in the book of Acts. Nothing could be more relevant for believers today than this study Tsiyon is doing right now! One of the best ways you can prepare yourself for the shocks ahead is to faithfully take in this study each week at our live Tsiyon meetings.

Please join us tonight, at [tsiyon.net](http://tsiyon.net), at 8 pm cst, as we consider how Paul and Barnabas were set apart and sent out into the hostile Roman world to advance the Kingdom of Messiah. The empowerment they received is so evident as we follow their story, in the book of Acts.

Blessings and good health to you!

Eliyahu
