MEETING POSTPONED! The Tsiyon Meeting we would normally be having tonight is postponed until tomorrow night at the usual time. Details below.

Consider this common scenario:

Ever notice when you have something which is really important to you to accomplish, this pattern might suddenly emerge? First, you have the bright idea. You work it entirely through within your mind. You realize the importance, the

feasibility, work through any complications in your mind and are now 100% into dedicating your time, talents, and resources to seeing it through to completion.

Why? It is important to do so! It is so important to you, that you are "all in," so to speak. Next, you begin assembling the things you need to accomplish your task. Wow, everything is going smoothly. Experience teaches if anything is going to derail you, it is in this stage, so you are excited. You're going to do this. You can do this. You will do this. Your task will be accomplished. At last, everything is SMOOTH sailing!

Oh sure, there is the occasional naysayer laughing at you for prioritizing your goal over their entertainment or social desires, but mostly you're focused and accomplishing steps along the way which are necessary to accomplish your purpose: the valued and important goal.

Then, the inevitable happens: a bump in the road. However tiny or large that bump may be, it may as well be a mountain in your path as you've put everything you've got into achieving your important goal, only to discover LAST MINUTE something to derail you.

If you can relate, even in the tiniest way to this scenario, then you are going to enjoy attending our next public Tsiyon meeting entitled: *Cycles of Seven Days and Years - Six is ALL about Finishing!* Join us **tomorrow** evening **March 13 at 8PM CST** inside the Tsiyon Tabernacle [that's located at <https://tsiyon.net>] to hear this special presentation explaining the importance of the upcoming Hebrew Year, our plans for it, and how this is important for your personal walk with Messiah.

Since this special presentation focuses on the upcoming Hebrew Year, we need to be sure of when the new Hebrew Year actually starts. Right now, we await all the reports from Israel to know if the barley is, or is not, in the "aviv" stage of growth. The barley's status will determine, according to Scripture, if it is or isn't

the start of the new Hebrew Calendar year. [Read this article on how the barley in Israel determines the start of the year: *Is the Aviv Barley a Determining Factor Today?*] We are postponing our Tsiyon Meeting by one day so that we can be sure of the timing we will be talking about in this special presentation. This upcoming year will be one of special importance to the remnant, so we must be as accurate as possible!

To view this special meeting, simply log in to Tsiyon Tabernacle and look on the home page for the link. If you've not registered or signed in yet, please do so now. It is free and simply requires your email address to sign up. If your schedule doesn't allow you to attend the meeting while it is live-streamed tomorrow, the recording will be available and you can find the link to the recording from the home page the day after the meeting.

Blessings and good health to you!
