Don't miss our live online Tsiyon Meeting at Tsiyon.Net tonight, featuring:

From Eliyahu

Consider this:

Over the last couple of months we've been examining the amazing prophetic book of Daniel that foretells so much about the very times we are living in and moving deeper into. If you've missed any of that its all in the *Fast Track* at Tsiyon.Net with a clickable graphic on the homepage. Just click and watch it all for free. Daniel foretold the rise of the globalist totalitarian power the people of the world are being confronted with as I write. According to Daniel, this great reset of the world system will gel into a global government with a dictatorial ruler more

oppressive and all-invasive in the lives of all humanity than the world has ever seen in any merely human ruler. This can only happen through the marriage of modern tech and satanic empowerment - and millions of aware people around the world are getting the first full taste of the deadly results of that potent brew right now.

Through Daniel, YHWH makes it very clear for us in Daniel's prophecy that a tipping point has been reached in which we are now living, from which there is no going back. Where we are now headed, through this decade, is described by Daniel in these words: *"At that time ... there shall be a time of **trouble**, such as never was since there was a nation even to that same time.."* Daniel 12:1

Messiah Himself spoke of that very time, saying: *"For there will be **trouble** then worse than there has ever been from the beginning of the world until now, and there will be nothing like it again! Indeed, if the length of this time had not been limited, no one would survive; but for the sake of those who have been chosen, its length will be limited."* Matthew 24:21-22 CJB

Yes, a great "trouble" is on its way unlike any the world has ever seen before. The Greek word Messiah is quoted as using here is translated in many Bibles as "great tribulation" and in some as "great oppression."

The word is G2347 - θλίψις - thlipsis

The Thayer Definition is:

- 1) a pressing, pressing together, pressure
- 2) metaphorically oppression, affliction, tribulation, distress, straits

The core meaning of the word is indeed "oppression." How is it possible to have a greater oppression than the Babylonians, the Greeks, or the Romans brought upon the world? Even greater than all dictatorial communist governments or even the Nazis? How is it possible for a global power to arise that is uniquely able to

oppress the entire world of humanity on a level never before seen in the history of the world?

You already know the answer: AI, facial recognition, satellite tracking, instant global communications, electronic surveillance of every person, genetic manipulation, bio-tech, nanotech - and the list goes on. Yes, all of that tech could be used for good and sometimes is. However, the potential of all of that tech and more in the hands of an evil global elite with the wealth and the resources to command it all - that is more powerful than magic, and is often indistinguishable from it. Don't fool yourself into thinking the common people will stop this Great Oppression from happening. Its written in the Book and it must happen!

Due to the unusual oppression now rising globally as part of the program to condition the world population for the global government, more and more believers are starting to see that we are headed toward the Great Oppression of Scripture - and not a few of them are feeling intimidated by that very possibility. "How" they wonder "can we possibly stand in the face of an evil globalist regime with such terrible unprecedented powers to oppress?" The answer to that question is given for us in the form of an example in Daniel chapter 3.

This is not a Sunday School lesson. It is training for the remnant directly from the Throne! Don't let the beast take you by surprise! Join me tonight at Tsiyon.Net at 8:00 PM CST at our live online Tsiyon meeting and learn how you can face the beast - and win!

Blessings and good health to you!
