Don't miss our live online Tsiyon Meeting at Tsiyon.Net tonight, featuring:

From Eliyahu

Consider this:

History in this world repeats itself in ever-widening cycles. Like in the movie "Groundhog Day" the cycles keep repeating over and over again, each time creating similar problems, only, the problems get incrementally worse than the time before. Of course, in the movies the predictable cycles are finally resolved by human cleverness. Not so in real life; usually the cycles only lead to more death and greater destruction each time the cycle comes around.

Why is this? Because humanity never seems to learn from what has happened before, and just keeps making the same mistakes each time around. Every generation seems to think they are the smartest, so when they make the same moves that resulted in disaster before, somehow they think they won't have the same outcome as the earlier generation. Of course, that is stupid, yet it continues to happen, over and over again.

The latest example of this today is called The Fourth Industrial Revolution, 4IR, or Industry 4.0. The Wikipedia article on this subject explains the origin of this concept:

The phrase *Fourth Industrial Revolution* was first introduced by a team of scientists developing a high-tech strategy for the German government. Klaus Schwab, executive chairman of the *World Economic Forum* (WEF), introduced the phrase to a wider audience in a 2015 article published by *Foreign Affairs*. "Mastering the Fourth Industrial Revolution" was the 2016 theme of the World Economic Forum Annual Meeting, in Davos-Klosters, Switzerland. On the 10 October, 2016, the Forum announced the opening of its Centre for the Fourth Industrial Revolution in San Francisco. This was also subject and title of Schwab's 2016 book.

Not coincidentally, you may have noticed that the 4IR concept was introduced the same year, 2015, that *Agenda 2030* was adopted by virtually all the nations of the earth at the United Nations. Indeed, the UN *Sustainability Goals* that all of the nations have signed onto in 2015 embodies the brave new world (actually, dystopian world) that the Fourth Industrial Revolution is bound to bring us.

Explaining all of the details of this radical plan is beyond the scope of what can be done with this newsletter. The essence of it involves "the joining of technologies like artificial intelligence, gene editing, to advanced robotics, that blur the lines

between the physical, digital, and biological worlds." When you get into the deeper material at the World Economic Forum you learn that this is all about forcing humanity into a fundamental change, into "the next level of evolution" that is "trans-human" and then "post-human" - no longer human, but a hybrid of genetically-altered biology, coupled with digital, and/or robotic artificial intelligence systems. The final object is to incorporate what was mankind into a sort of digital imagination matrix that will be the new version of "reality" we are all now being forced into through the machinations of the world's elite. Yes, I know this sounds like some crazy sci-fi movie, but I assure you, this is the plan that is now driving the craziness of the world we are now all witnessing and experiencing.

For 4IR to be realized, the Biblical concept of humans being created in the image of our Creator must be jettisoned, along with all Biblical morality and world-view. The free will that is a God-given gift to humans must also be repudiated. A new social system is being fashioned by the atheistic likes of Klaus Schwab that is anti-God and even anti-Man. As of 2015, the elite of mankind have pushed the world into a new era similar to the era before the Flood of Noah, in which a scheme to genetically alter and thereby to wipe out the very seed of man in the earth is now under way.

This brazen challenge to the Divine Will is the last straw in the rebellion of wayward mankind. It is nothing less than war against the Creator and His Messiah, and it is foretold in Psalm 2:

Why do the nations rage, and the peoples plot a vain thing? The kings of the earth take a stand, and the rulers take counsel together, against YHWH, and against his Messiah, saying, "Let's break their bonds apart, and cast their cords from us." He who sits in the heavens will laugh. The LORD will have them in derision. Then he will speak to them in his anger, and terrify them in his wrath. ..Give sincere homage to the Son, lest he be angry, and you perish in the way, for his wrath will soon be kindled. Blessed are all those who take refuge in him.
Psalms 2:1-5, 12

Clearly, these developments bring the world to the final showdown of this final generation. This is the end of the Age, and if this final assault on the Creation were not to wrap up quickly from here, literally no flesh could be saved. With this Bible prophecy agrees: "Unless the Lord had shortened those days, no life would be saved; but for the sake of the elect, whom He chose, He shortened the days."
Mark 13:20

Ends of the Ages is the theme of our latest Fast Track video presentation, which we will be showing tonight. Join us at our Tsiyon meeting tonight at Tsiyon.Net at

8 PM, CST, and invite your relatives and friends to sign up free to view this vitally important message. Time is quickly running out, and people need to know.

Blessings and good health to you!

Eliyahu
