Don't miss our live online Tsiyon Meeting at Tsiyon.Net tonight, featuring:

From Eliyahu

Consider this:

The object of war has always been pretty much the same - only the toys are different. Spears and arrows became bullets, missiles and rockets. Different weapons but similar objectives - subjugate the enemy and steal their wealth and/or resist the same. However, now, in the 21st century war has fundamentally changed. The objectives are basically the same but the methods of warfare are entirely different. Kinetic weapons are a last resort. Today we have something called full-spectrum warfare. Literally everything is a weapon. Almost every weapon used in this sort of warfare is covert and often nearly invisible. Some of

the major weapons are economic manipulation and control, control of communications media, narrative control, information control of all kinds, big data, artificial intelligence, supply chain control, even weather warfare, genetic bio-weapons, captured "health-care" and all sorts of weird-science beyond the imagination of most people.

There is also another big difference in 21st century warfare. While war between nations and factions still happens, the world war now going on is of an entirely different nature. This war is perpetrated by the world's super-wealthy elite assisted by key-influencers in every nation of the world. Everyone who is not them is the enemy they are warring upon - that's most all of the people of the world, including you and I.

Further, this war is being fought against you under cover of "helping" you. I'm talking about the most respected elements of the world system, and elements of your culture that you already take for granted. (See this video from Bill Gates for an example of how they fool people.) You are not supposed to know your "benefactors" are making war on you. If you knew they are actually making war on you, then you would resist. If everybody did that then their objective might be thwarted. (More on the covert world war is here.)

"What objective is that", you ask? Same objective as always - to subjugate you and steal your wealth, your life, and very possibly your soul as well. Not just you - everybody in the world, under tyrannical control of the few.

You might think I'm talking about some 'b' grade sci-fi movie, but I'm not. They already have the systems set in place to do it, and the specialists manning the systems. They have the master plan that encompasses literally everything and everyone on earth - you can see it at the United Nations website and at the World Economic Forum website. They have the tech to get it done and are developing more, and they are already about 80 to 90% there. Believe me, and if you don't believe me, believe the Bible, they WILL make their 2030 deadline.

AHEAD of the CURVE

Meanwhile, you are probably already suffering from future-shock. Confusion and anxiety are like a dark cloud - a thick fog over the world. Most people will eventually emerge, like a deer frozen in the glare of the headlights, unable to avoid the onrushing behemoth about to hit their life with unstoppable force. "For it will come like a snare on all those who dwell on the surface of all the earth." Luke 21:35

What will you do? The Scriptures have the answer for serious followers of Yeshua. Don't wait like that hapless deer to act. The answer is to get ahead of the curve. To get into the place of safety NOW - ahead of the inevitable obstacles that WILL otherwise be thrown at you to impede your escape. Noah did that by building the Ark. Note that he and his family had to build the Ark, which they did - it didn't just drop out of heaven ready to go! They dedicated themselves to the difficult but lifesaving task, so when the inevitable happened he and his family were ahead of the curve, in the Ark, ready to go. That saved their lives!

Today the Ark is the Remnant Nation of Israel. Empowered by Messiah, we are building it into a functioning nation right now. Don't be deterred by the scoffing at this strange-sounding solution - We should all be thankful that Noah was not deterred by the scoffing of his world. In hindsight its easy to see that he was right and the entire rest of the world was wrong, having been washed away by the waters of the Flood. Look at the Ark now being built with eyes of faith, and as you look more deeply in Scripture your eyes will be opened to see this is the only solution that will work!

Yes, it is wartime, and the war is against us. We need not be blinded into inaction by the covert war meant to confuse and deter us. YHWH has shown us the way of escape and we are, like Noah, taking action to the preservation of His own. The way keeps getting clearer. We want to share the next steps with you at our online

meeting tonight. Join us, won't you? The meeting is at Tsiyon.Net at 8 PM, CST. There is a peace in knowing what needs to be done next, so don't miss this.

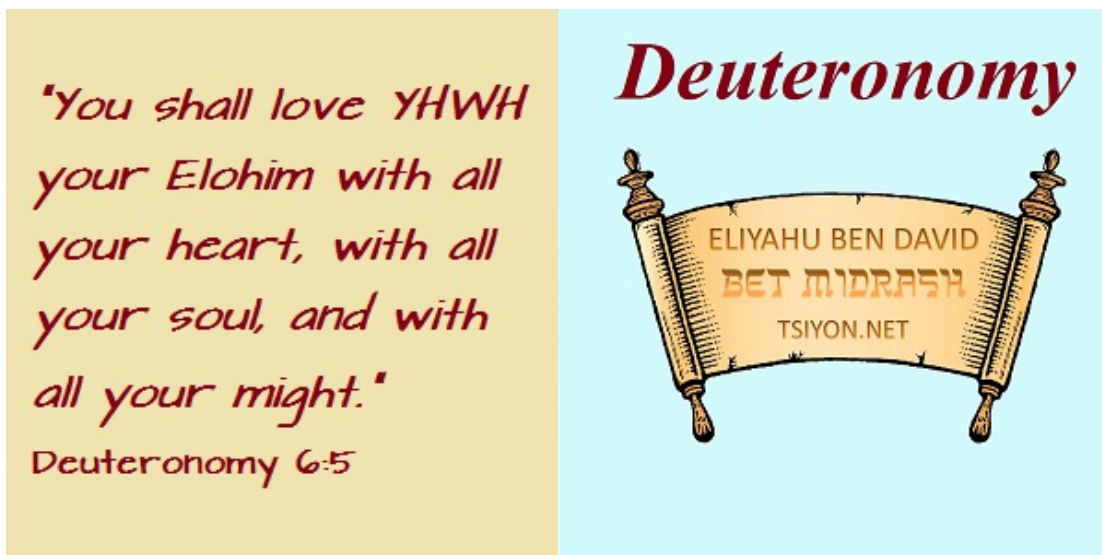

Blessings and good health to you,

Eliyahu
