## The Blessing or the Curse? - #130

*"It shall happen, when YHWH your Elohim brings you into the land where you go to possess it, that you shall set the blessing on Mount Gerizim, and the curse on Mount Ebal."*

Devarim/  
Deuteronomy  
11:26-32, 27:1-8,  
Joshua 8:30-35

From Eliyahu

Consider this:

I've got good news, but first, let's acknowledge some bad news. The news is so bad, pretty much all the time, that a lot of folks just don't read, watch or listen to the news anymore. I certainly can understand that choice. However, you need to know the real news. Why? Because the world is at a crossroad right now that absolutely is, and will, effect you. Everything is global now. Most everything effects everybody. I'm not talking about a decade from now. I'm talking about now.

First, let's talk energy and food. Right now you are being effected by the fast growing price increases, especially for energy and food. Prices keep going up much faster than income can keep pace. Many are in a squeeze that starts with some belt-tightening but will end very badly for a lot of people. Already there are huge homeless camps in most every major city - and it will get a lot worse. The UN has warned of "unprecedented" food shortages and famine, which they blame on the Russia-Ukraine war, and so-called "climate change." According to them, "unprecedented" famine is imminent. This year and next year, at least, they say.

As you know, this follows on what Scripture calls "pestilence." Wars, famine, pestilence, and natural disasters are all part of the sign of "the end of the world", according to Yeshua. (Matt 24:3, 7)

Things are not normal. The death rate has been shooting up. I'm not just talking about the reported covid deaths. Multiple insurance companies have reported a spike of 40% and more in the death rate AFTER the covid deaths have already been factored in! Insurance companies that base their businesses on keeping accurate figures on deaths, companies that have been around for over a century, are saying they have NEVER seen a die-off this big - yet the mainline news organizations don't even comment on this.

Oh yes, news organizations do tell us there is a labor shortage out there, but they don't really tell us why. Why would that be, right after a pandemic when many lost their businesses and jobs? Shouldn't there be a glut of available workers, and not the other way around? And what of the pilot shortage, causing mass cancelations of flights? Where have all the pilots gone? Where are all the missing people? Perhaps the 40% increase in the death rate reported by the insurance companies is telling us why the absence of workers and pilots exists - they are dead. What is killing these millions of people? The answer is out there if you dare to dig deeper than CNN.

Why have some hundred or so major food production facilities in the USA recently exploded or burned down? Why have millions of chickens, turkeys, pigs and cattle been killed or otherwise mysteriously died? Why are many farmers in the USA unable to get fertilizer at a price that makes it worthwhile for them to grow crops? Why are farmers in major food producing areas in Europe, (most notably Holland, but many other European countries too) protesting on their tractors in the streets because they are not being allowed enough fertilizer to operate, while at the same time being prevented by the government from raising beef? Doesn't that amount to government deliberately shutting down farms? Isn't that a strange thing to be happening when the world is facing famine?

The fact is, modern society as we have known it is in its death throws and will soon collapse completely. This is all very deliberate, and looks a lot like a curse on the world, but it's not God's fault. There is a "Great Reset" of the world going on right now, and the architects of this massive change seem to have everything going their way. Madmen are making covert war on the world, including you, and they are bringing all of us to the crossroads. You will be forced to make hard decisions, life and death decisions, whether you want to or not. You can ignore all this and just be swept along with the flow, but no decision at all is a decision in favor of the super-wealthy globalist madmen who are stealing the world.

Literally for decades I have been warning about the massive death count that would be brought on by the globalist cult plotting world domination. Now the good news - I have also consistently shown the way to survive through the man-made tunnel of death being constructed by the globalists.

For example, in 2011 I published an *On the Road to Tsiyon* radio program, *Being a Bondslave* #313, that predicted the massive increase in deaths that we could expect as based on the prophesies of *Revelation*. At that time I also published a written supplement detailing out all of those figures. entitled "*REVELATION DEATH COUNTS*." That document explained why I published it, namely: "The point of this exercise is to prepare us for the unprecedented amount of death that is/will occur during this period." Three of the first 4 items on that 2011 list included "wars," "economic crisis," and "Up to 1/4 of the worlds population to die by plagues, disease, beasts of the earth etc." In our online meeting of August 1, 2016 entitled *Survive the Last Days* I referenced this document again, and again explained how survival is possible, even with the massive death toll being racked up through this period - a final death toll that adds up to well over SIX BILLION people. I also underscored the reality of the massive number of deaths by quoting Isaiah:

*"I will punish the world for their evil, and the wicked for their iniquity. I will cause the arrogance of the proud to cease, and will humble the haughtiness of the terrible. I will make people more rare than fine gold, even a person than the pure gold of Ophir."* Isaiah 13:11-12

Friends, we are now in 2022 and all of this is on. The world has stepped through a portal into the dystopian world the Bible has long predicted. It is a nightmare, and there is no way out except through death - or a miracle. It is a test of who can make it through to the end - "He who endures to the end, the same will be saved" (Matthew 24:13). Survivalist methods of hiding in the woods and going off grid may work for a little while, but not for very long. Your own ingenuity will only deceive you. You can't MacGyver this one. There is one answer, one way to survive. I'm talking about literal survival of your flesh and blood body here:

*"Behold, I set before you this day a blessing and a curse: the blessing, if you shall listen to the commandments of YHWH your Elohim, which I command you this day; and the curse, if you shall not listen to the*

*commandments of YHWH your Elohim, but turn aside out of the way  
which I command you this day" Deut 11:26-28*

What you need to survive is His blessing on your natural life, which blessing will come to you as a result of keeping His Commandments. That means you must fully give your life to Him and obey Him, knowing and keeping His Commandments, with the help of Yeshua and by the Holy Spirit, of course.

Do you even know His Commandments, let alone actually keep them? They are meant to save your life - do you know that? If you haven't been doing that, admittedly, this is very late in the game to start, but if not now then when? Keeping His Commandments results in long life, by the very word of YHWH. This is what you need to endure to the end.

Maybe you have had teaching that does not support this, or keeping Commandments is counter-intuitive to you. Maybe you just don't want to give that much of your time and effort to focusing on His Commandments. Whatever may hold you back from doing this is holding you back from surviving to the end. Period.

Why not get started by joining us in our weekly study of Deuteronomy? Tonight would be an excellent place to jump in to this discussion, as we look at the blessing and the curse - a topic so relevant to the present world situation, and so vital to survival through the end of this world. That's tonight, at Tsiyon.Net at 8 PM, CST. This is the way to survive.

Blessings and good health to you,

Eliyahu
