From Eliyahu

Consider this:

*"The Kingdom of Heaven suffers violence, and the forceful snatch it away by force"* (Matthew 11:12). That's our Tsiyon Scripture verse for this Shmita year. This 7th Hebrew month we will find this theme to be very timely. For more on the Kingdom, check out our Tsiyon radio line-up for this Sabbath, as listed above, which includes vital truths having to do with the Kingdom.

The 7th month is always special, but this year even more so. That's because this is a Shmita year, *the year of release*, according to the

calendar that YHWH has given His people. Important turning point events often happen on Shmita years, and that is proving true this year as well. While YHWH is releasing His people to new avenues of Kingdom service, we also see great changes in the world.

As we look at the world, we see a growing darkness, with dangers lurking everywhere. All of this is in keeping with the "Great Reset" of the globalists. Weather war manipulation has plagued people all over the world, creating severe droughts with water shortages, fires, and crop losses over large regions, while bringing record flooding in other regions. Devastating weather events, such as Hurricane Ian, add further chaos to the mix. The war in Ukraine is another ongoing disaster, ratcheted up with a real danger of escalation to deadly atomic war. Further, that war together with "climate change" policies has brought on an energy crisis that could leave people freezing in Europe this winter - while draining the pockets of people everywhere.

To add to all of that, the stock market is crashing and inflation is off the charts, battering the middle class and growing the already huge numbers of homeless. In the USA an open border is allowing millions of illegal aliens to flood into the country, with little if any checks on who is coming in. Rumors abound that entire prisons are being emptied south of the border to flood the USA with human trafficking, drug smuggling and gang violence, fueling a massive crime wave plaguing American cities.

In short, the chaos needed by the globalists to establish their one world government is proceeding just as they had planned. That puts me in mind of this passage:

*"For, behold, the wicked bend their bows. They set their arrows on the strings, that they may shoot in darkness at the upright in heart. If the foundations are destroyed, what can the righteous do?" Ps 11:2-3*

Yes, it is unsettling to see the wicked doing so much evil, aimed especially at the righteous who honor God. They are tearing out any righteous foundations of human society, to replace everything with a distorted world re-made in their horrible image. It is in times like these that we must remember that nothing is a surprise to our Father in heaven. He is raising up a place of safety for the righteous, for them to be kept through these perilous times. That's why our overarching theme for these 7th month meetings is *"The Way Forward."* We want to share what He has been doing with Tsiyon, and the vision we are moving with, to point the way ahead for the righteous.

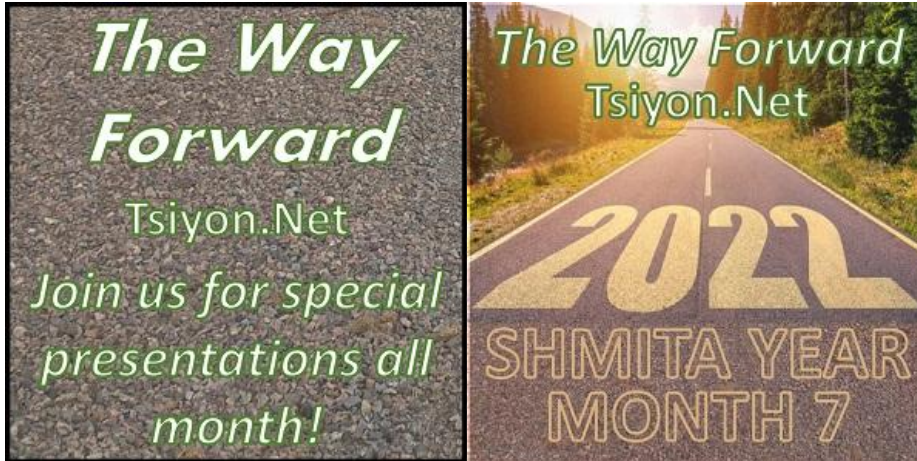

Join me tonight for our online meeting for the next episode in this new seminar series, *The Way Forward*, at Tsiyon.Net at 8 PM, CST. **This is open to all Tsiyon members, including free members, all the way through Month 7.** While the world looks bleak, the future for the righteous looks bright. Be not afraid, for our Father is pointing the way!

Blessings and Shalom,

Eliyahu
