## From Eliyahu

Consider this:

We have now entered **the RED ZONE** on the *Jerusalem Clock*. I'm talking about the seven year period that will take us to the Great Tribulation. Expect your life to be completely upended as you face the challenges of this prophetic period. Why? Because the globalist cabal have only these 7 years left to accomplish their goals of the 2030 Agenda - and those goals include complete domination over everyone and everything on the Earth, and that includes you. In essence, this means finishing up the so-called "Great Reset" that started in 2015, with only 7 more years left for the globalists to get that done.

We have all been effected by the Great Reset already, and none of us have liked it very much. Covid, the Clot Shot, and the economic and social consequences of that (not to mention the ongoing millions of deaths and disabilities) all come to us

thanks to the Great Reset. Along with that you can add loss of civil rights, increase of surveillance of the public, and a growing divide between the righteous and the wicked. Really, there is very little of any consequence that has not or is not undergoing unwanted radical change. None of this is by accident. All of this is part of the Great Reset.

Is there pushback? For sure. There are protests and demonstrations by populations around the world. Of course, since the mainline news outlets are all owned by the globalist elites, if that's your source for news you seldom hear much about that. You also don't hear much about the tyrannical suppression by the system of legitimate voices speaking out against the globalist evil. Nevertheless, all of this and more is happening. Many who are aware of this pushback think the sheer number of people opposing the globalists guarantees a win. Anyone who thinks that may be well-motivated, while also being wrong. The Scriptures make clear that the global government will come to power, and the Scripture cannot be broken.

Don't think that the demonically energized globalist cabal did not plan for the pushback well in advance. Don't forget that they control the money supply in countries around the world. They control the global food supply. They control the energy supply. They control the planes, trains and vehicles that move the goods around the world. They control the corporations, the politicians, and they own the technological infrastructure that powers it all. Now more than ever before "the whole world lies in the power of the evil one." 1 John 5:19

For the purposes of this newsletter let's consider just one of those formidable weapons against humanity - the money supply. Right now the central banks around the world are working to transform the monetary system to one in which every individual transaction will be "programmable." This is not just talk anymore. The infrastructure for this system is being put in place.

Here in the USA this phase of the program is called "Fed Now".

"The Federal Reserve announced that the FedNow Service will start operating in July and provided details on preparations for launch. The first week of April, the Federal Reserve will begin the formal certification of participants for launch of the service ... The Federal Reserve Banks are developing the FedNow Service to facilitate nationwide reach of instant payment services by financial institutions — regardless of size or geographic location — around the clock, every day of the year."

- Federal Reserve Press Release.

The Federal Reserve is launching sign-up for FedNow in April. If your bank signs up then you are signed up with it. Nobody is asking for your permission.

Of course, the Federal Reserve created this out of the goodness of their hearts for the convenience of the American people - or so they want all of us to believe. Will it be convenient to use their electronic money? You know it will. Like cell phones or credit cards, everyone will soon be on this. At that point the infrastructure is in place to bring in the Fed's CBDC (Central Bank Digital Currency). Soon thereafter they will get rid of that dirty old cash and we all will use the CBDCs exclusively. That's when the fun begins - for the central bank.

Once the CBDC is in place, and cash is no more, Big Brother now owns all the money. Any single transaction of any person can be denied. Fees and taxes can be directly removed from your account. If the Fed doesn't like you they can shut you off for any transaction, or shut you off completely. Combine this capability with social scores and AI and you have instant persecution of believers. Then how do you pay the rent? How do you buy groceries? This is the ultimate control mechanism - just in time for the rise of the antichrist. Get the picture?

That's just the money. Control systems like this are being put in place for food, energy, just about everything - and this is all happening so fast that it is not possible to be aware of all that is being done to steal your freedom and everything you own. Don't look to government to save us. Governments around the world have already signed up for this globalist nightmare because this will make every politician in the world more wealthy and powerful than ever before - so long as they do what they are told. For confirmation, look no further than the corruption of virtually any president, prime minister or king in almost any country of the world. Don't think elections will save us either. How did any of those criminals get into power in the first place?

Frankly, believers are all moving way too slow to get ahead of the globalist push. That's the big weakness of conservative people. By nature we take a long time to think things over, are slow to see or even believe change, and even slower to adapt. In the past, this was probably a good thing. Now, this innate reluctance could literally get you killed.

The bad guys are using this against us every day. While we are still figuring out Covid they are already far beyond that with their program. By the time most believers figure out FedNow we will already be dominated by CBDCs. Fortunately, this is not true of all believers. Daniel speaks of these days when he says: "Those who are wise shall shine as the brightness of the expanse; and those who turn many to righteousness as the stars forever and ever." Daniel 12:3

The wise know the times and act ahead of the evil machinations. They pay attention to the Word and understand when they see it being fulfilled. If you are one of the wise then you will want to take in tonight's meeting on *the Jerusalem Clock*.

*The Jerusalem Clock* will be presented at Tsiyon.Net at 8 PM, CST. We are now in **the Red Zone**. Get ahead of this. It all starts with grasping the times.

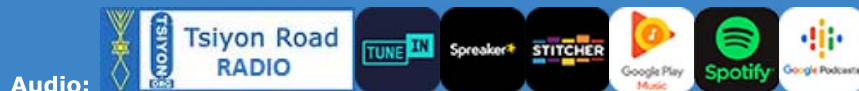

Blessings and good health to you,

Eliyahu
