The Great Gentile Switcheroo
The devil's greatest scam

What you don't know CAN hurt you!
Coming up: Tsiyon.Net Reveals the Scam in Month 7

From Elijahu

Consider this:

The emerging globalist system is a lot bigger than any individual, and its sinister intentions, by this point, should be evident to every aware person. Sadly, as blatant as the machinations of the globalist cabal actually are, there is only a minority of people who will allow themselves to see the pieces on the table, and to put together the obvious dystopian picture of what the "Great Reset" is bringing in. What is being assembled on a global level is, in fact, the one-world global

tyranny prophetically foretold in Scripture for the end of this world. (See Daniel 7&8, Revelation 13, 2 Thessalonians 2, etc)

By the grace of Yeshua, I have seen this developing, and have been warning people of the emerging dangers for decades. In 2008 the world entered into a new phase, because the four horsemen of Revelation Six were released into the world. I was given spiritual vision from above to actually see this happen in real time, in the spring of 2008. I received a huge 'download' informing me what this release actually meant for the world. Among other things, it meant that the time had come for the Lord to allow the globalists to release specific elements of their power into the world that would bring in the one-world government, and with it, the final judgment of the world, and everyone in it.

My immediate response in 2008 was to broadcast by radio what I had seen. Perhaps the biggest evidence that year confirming I was telling the truth was the global economic crisis that broke out in the fall of 2008, which I had identified by that name on the radio months earlier. In 2009 I published a book containing much of this information entitled "*Announcing Judgment Day.*" The whole trajectory of world events since 2008 has proven out what I wrote. Unfortunately, although everything changed in 2008, most people continued on in their spiritual slumber.

2015 was a very big year for the globalists. Again, I saw it coming and reported on it in advance. Here at Tsiyon we produced a video seminar entitled *The Beasts of Daniel Surfacing*. The seminar reveals the Scriptural details regarding the one-world tyranny, and how it was actually revealing itself that very year! That fall all the member nations of the United Nations signed on to Agenda 2030, in which they made a pact together to bring in the global government foretold in the Book of Daniel. Immediately thereafter global changes moved rapidly, as Bible prophecy was being fulfilled at an unprecedented rate of speed - yet most continued on in a spiritual fog.

It was not until the covid fiasco began to unfold in 2020 that more and more people started to wake up to the globalist threat. What alarmed many was the obvious cooperation between the globalists, including the United Nations, World Health Organization, World Economic Forum, (UN, WHO, WEF) and others, and the various governments of the so-called "free world" - including virtually the entire healthcare industry - all working together to force people everywhere to accept an experimental gene-editing substance into their bodies. False narratives were pushed out in unison by big pharma, big government, big Internet and big media - while anyone questioning the wisdom of the globalist program was being censored and silenced - including even top experts in the field of medicine. Fortunately, there were healthcare professionals who stood against this obvious medical tyranny, even though they were persecuted for it, even if their voices were being marginalized as 'misinformation'. See <https://americasfrontlinedoctors.org/> ___

By now multiple studies have shown that the masks, the shutdowns, and the tyranny all had no positive effect during the scandemic. Even worse, the forced shots have maimed and/or killed huge numbers of people, and continues to do so. The stories of real people confirm this. see <https://www.realnotrare.com/>

Covid is just a foretaste of what's coming up next.

As I said in 2015, the beast of Daniel is surfacing. It will fully establish itself over the world by 2030 - and that will bring on the greatest oppression the world has ever seen. Even now, technology you know about, and tech you never heard of, is being marshaled and coordinated by the globalists to make this happen. Make no mistake, no one can stop this, because the Scripture cannot be broken.

These years leading up to 2030 are critical for the globalists. That is why we are, and will be seeing an unending string of 'natural' disasters, political and social chaos, war and rumors of war, along with economic pressures reducing the ability of the common person to mount any meaningful resistance - all of this by design.

Of course, cover stories and false narratives are being employed to manipulate the public into complying with the agenda, often to their own harm. At the same time we have seen freedom of speech being vilified, censored, and even banned, to prevent the public from being exposed to the other side of the story. We have seen a lot of that already, but the system wants to formalize the censorship by law. To that end the "Digital Services Act" went into effect in the EU on August 25, 2023. While being sold as a protection for the public, the DSA has sinister implications. <https://www.theverge.com/23845672/eu-digital-services-act-explained>

That law is not limited to the EU, because it effects big tech globally. By controlling what big tech allows on its platforms, the globalists will be able to control what you can and cannot access on the Internet. Under the DSA whistleblowers and free thinkers can be labeled as sources of 'misinformation' and 'hate speech' to be censored and shut down. The effect of this law is to put blinders on the public, so that people cannot learn the truth of what is really going on, so will align with the globalist narrative. This increased global censorship is arising just in time for the final push to world domination by the globalists, to culminate in 2030.

Why am I laying this all out for you right now? Very simple, because I may not be able to get the message out to you later. Already we are censored, shadow-banned, and fully banned on some platforms, with some of our videos actually removed from the Internet. Besides that, our server is pretty much under constant attack by Internet hackers who are determined to shut us down. Realize that the globalists literally have thousands of people operating an internet army intent on pushing their narrative, while neutralizing anyone they don't like. [wikipedia-co-founder-says-site-hijacked/](#) - [un-cyber-army-pushing-agend-2030-disinformation](#)

To counter all that, we have the truth, a few faithful volunteers, a relative few supporters and prayer warriors, and the Spirit of the living God. We know we will prevail in the end, but until then it is a battle all the way, and the Internet is their territory. They own it, and so they may eventually be able to deprive us of it. That's not unbelief, that's how a soldier has to think to deal with the real battle. By the way, if you are not thinking like a soldier already, you better get your armor on, because you are going to need it. (see Eph 6:10-18)

With a world in turmoil before us, what should you be doing now? That's what I asked myself, and asked Him, at the start of this Hebrew year. The answer was clear as crystal. We must make sure we are on Yeshua's narrow Way, right in the center of the Father's will - and we must make sure we stay there no matter what happens.

Yeshua has never taken a false step, nor has He ever made a single mistake. To get through the challenges before us now we must be moving in and with Messiah - that is the only way for each of us personally to triumph through the most difficult period of human history ever seen or known. That's why I began this Hebrew year going through Matthew with Messiah, teaching Yeshua's Narrow Way. We need Him to lead us right now, as never before. This is for you, and you can't afford to miss a single episode - so long as you are able to view it.

Tonight, get in the boat with Yeshua, and don't get out until we reach the other side! That's tonight, September 7, at 8 PM, Central Time, at Tsiyon.Net for our live stream. Find it on other platforms using the search term T S I Y O N.

In His Name,

Eliyahu
