Righteous government. The very thought of it seems like some sort of unattainable dream. Particularly right now, when the exposure of the failed cognitive condition of Joe Biden has revealed that the American people have been lied to for months, if not years, in an unprecedented cover-up of the truth regarding the true nature of the American government. It is now obvious that some other invisible power structure has been running America. For how long? Who are these unelected overlords? What is their true agenda? What have they

done to America? It now should be self-evident to all that a soft coup has replaced government of-by-and-for the people that is the very definition of America-as-founded. Whatever this country is right now, it is not America. America has fallen. We don't even know for sure who exactly is running the country, or how they are doing it.

How could this happen? John Adams was a leader of the American Revolution that overthrew the then-tyranny of Great-Britain. He was one of the Founding Fathers who established the Constitutional government of the United States. He was also the second president of the United States from 1797 to 1801. Here is what he said about the government he was instrumental in establishing:

*"We have no government armed with power capable of contending with human passions unbridled by morality and religion... **Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other.**"* - John Adams

What the Founders understood is that righteous government can only exist by the will of a righteous population. Frankly, the mess we now have in America is our own mess, because a critical mass of our people abandoned or never acquired the morality and righteousness of the Creator as found in His Word. America has been corrupted by greed and what Adams called "human passions unbridled by morality and religion." It is propped up by lies, deception, manipulation, technology and huge sums of money. America has gone down the bottomless sink-hole of corruption, and even Donald Trump will not be able to bring it back.

There is only one source of righteous government that can save the world from its own evil. Apart from this, we cannot survive.

"For to us a child is born. To us a son is given; and the government will be on his shoulders. His name will be called Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace. Of the increase of his government and of peace there shall be no end, on the throne of David, and on his kingdom, to establish it, and to uphold it with justice and with righteousness from that time on, even forever. The zeal of YHWH of Hosts will perform this." - Isaiah 9:6-7

We need a king - THE KING - THE MESSIAH on the "throne of David." Why do we need a king - this King? Let me tell you why.

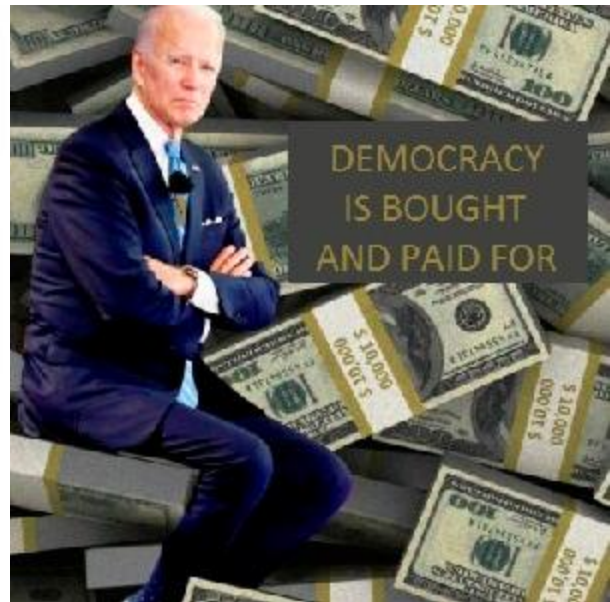

VIACOM

News Corporation

These 5 corporations control 90% of the media outlets in America. Together they form the greatest mind control media network in the history of the world.

There is no form of human government that has been sustainable over time. Communism, socialism and fascism are non-starters, as the track-record of all of these has been made abundantly clear. Democracy seems best to many because the people get a vote. However, democracy is never sustainable over time. Most people vote for their own selfish interests rather than for the good of the community as a whole - and besides, the media cabal mind control system makes truly informed voting next to impossible.

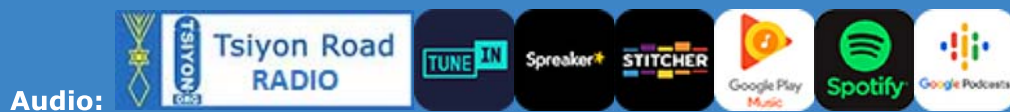

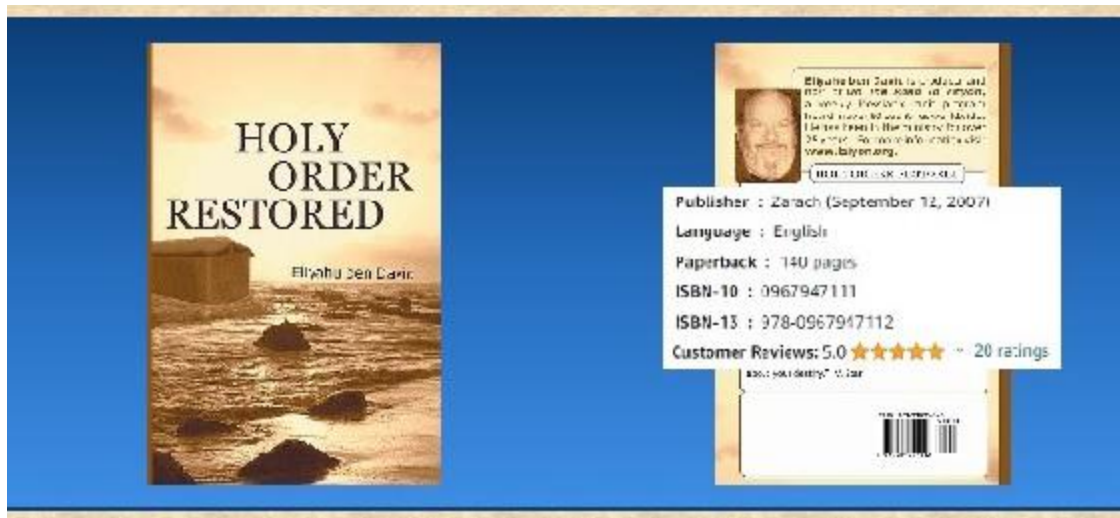

Besides that, big money interests always corrupt the political system to benefit themselves rather than the people. Here's how: According to OpenSecrets[dot]Org, a non-partisan organization tracking money in U.S. politics and its effect on elections and public policy, the total cost of the 2020 election was **\$16,413,031,959**. Yes, that's over **16+ BILLION DOLLARS**. Now, try to tell me with a straight face that the candidates receiving the benefits of all that money put the will of the American people ahead of the interests of the big money donors ... and I could go on.

My point is this, government must be taken out of the hands of the people (including the elite) and put into the hands of a King who can be trusted to always do the right thing, with the power to get it done. Only one person in the history of the world could be reasonably trusted in that position. I'm talking about the man who faced up to 1st Century Judean Government, an evil, corrupt and brutal system that was hostile toward him, yet he could not be broken by it. I'm talking about the most righteous and courageous man who ever walked the face of this green earth - namely, Yeshua the Messiah. He is my King, and He will be ruling the entire earth very soon.

Was 1st Century Judean Government really that bad? Tune in to our live stream panel discussion this evening, and judge for yourself. All are invited, so feel free to invite your family and friends to consider this episode of *Yeshua's Narrow Way* tonight, July 13, 2024, at Tsiyon.Net at 8 PM, Central. Until then, be blessed!
In His Name,
