From Eliyahu

There is only one Savior. His name is Yeshua Messiah. In the euphoric wake of the greatest political upset in modern USA history we do well to keep that truth front and center in our minds.

Of course, with such a monumental historic event as the Trump election victory having occurred just this week, I am constrained to acknowledge it, and comment on it, here in my newsletter. Keep in mind that I am not a political man. I am a Kingdom man. Therefore, anything I say here is not an endorsement of any politician or political party. My interest is not political so much as prophetic, that is: How does this major upset in the political landscape of America fit in with the Last Days prophetic picture?

This question assumes I believe the Trump victory does fit into the unfolding of Bible prophecy. In other words I believe it to be part of God's plan. This assumes nothing about Trump as a person, since YHWH has worked through righteous men, like Moses, David, Daniel and others, as well as through pagans like Nebuchadnezzar and Cyrus the Great. As Daniel wrote:

*"Blessed be the name of God forever and ever; for wisdom and might are his. **He changes the times and the seasons; he removes kings, and sets up kings; he gives wisdom to the wise, and knowledge to those who have understanding; he reveals the deep and secret things; he knows what is in the darkness, and the light dwells with him.**" (Daniel 2:20-22)*

As Daniel noted, God is in control. His hand is at work in changing times by raising up rulers of His choice who will perform His will - not necessarily because they want to do His will, but very often for what seems to them as reasons of their own. I see this in the extraordinary rise to power of Donald Trump. Consider the prophetic context of these events.

For two decades I have been pointing to the march of the wealthy elites toward a one-world government. Such a movement toward global government is foretold for the Last Days in Daniel, Revelation, and elsewhere in Scripture, which foretell that global government will come to power to rule the final seven years of the end of this age. At this point, the prophetic countdown to the end of the age is far advanced and is set to come to its conclusion in the next decade, with the official start of the globalist world government to arise seven years before that.

When I started publishing this view (which I've not changed in two decades) it was considered a conspiracy theory by almost everyone. However, that is not true anymore. Now all aware people have heard of "globalism" and "global

governance" even if they are somewhat sketchy on the details. In truth, for over a century the globalists have been patiently working their diabolic scheme of world domination.

In 2008 the globalists pushed the launch button on their final phase to bring the global government to power. These arrogant globalists think all of this was from their genius. Some even acknowledge empowerment from the devil in the task. However, Scripture gives us the final assessment:

"A man can receive nothing unless it has been given to him from heaven." (John 3:27)

In the spring of 2008 Messiah removed four seals of the Father's End Time scroll. By His grace I saw that when it happened. In that act heaven released the Four Horsemen of Revelation into the four winds of the Earth, letting loose the Father's plan, and the final forces of the globalist plan, into the world. The most visible sign of this to all in that year was the global economic crisis that brought nations to the edge of ruin, while putting the world's financial elites in a position of global power as never before. In 2008 I explained this in my *Revelation Series* of radio messages, and in the next year, 2009, in my book, *Announcing Judgment Day*. We have, in fact, been living through a time of Divine judgment on a global scale ever since 2008. (Rev 5+6)

The Horsemen accomplished much in the next seven years, culminating in an agreement by all *United Nations Member States* to form, in effect, a global government. This globalist agreement of the world's countries is called the "*2030 Agenda for Sustainable Development*". A *United Nations* website puts it this way:

"The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership." (https://sdgs.un.org/goals)

The 17 Sustainable Development Goals of the *2030 Agenda* are written in a way meant to sound acceptable, but are in fact lawyerspeak for a world in which absolutely everything, and even everybody, is to be owned by the *United Nations* - which is to say, by the elites who own the *United Nations*. In 2016 Klaus Schwab's *World Economic Forum*, without meaning to, summed up the *2030 Agenda* with these now famous words: "You will own nothing and you will be happy."

Since 2015 the globalist elites have been working tirelessly on a "Great Reset" of everything in the world from soup to nuts. This would all be a big joke if they didn't control most of the world's wealth, which they leverage to get compliance from everyone who wants a piece of the pie. Politicians, financial institutions, big business of every sort, the media, entertainment - the whole huge system - all are on board with the globalist agenda for personal gain, G-R-E-E-D.

You've seen all the madness since 2015, from normalizing crimes against nature, to riots and anarchy, to Covid 19 and the Clot Shot, and beyond. Everything has changed, been *reset*, if you will. This is all the "Great Reset" meant to bring in the global government by 2030. The point is, this all fulfills Bible prophecy.

This *Tsiyon News* ad of Sept 12, 2015 promoted our *Beasts of Daniel Seminar* - which correctly predicted the globalist bid for world government via the AGENDA 2030 of the United Nations, ratified by virtually all of the nations of the world that year.

In 2015/16 I was already aware that pushback against the globalists by the nationalists was sure to happen. The only question at that early stage was: who among the nationalists would lead the charge against the globalists? In early 2016 I was already seeing that man had to be Donald Trump. Here is what I wrote about that in *Tsiyon News* four months before Trump had clinched the nomination as the Republican candidate for President on July 19, 2016. I wrote:

"Donald Trump mostly represents Americans who have seen too much to be taken in by the Big Government promises of socialism. They are angry that everything they care about in America is being neglected and even undermined and destroyed by the Washington establishment lapdogs of the elite. They want a return to sanity and prosperity and they don't want slavery to political correctness anymore. They desperately want to turn back the clock to the values they see as having made America great to start with. They want to stop the madness now, and Donald Trump is the man they are pinning their hopes on to do it. Wow, are they going to be angry when the elite

either stop, convert or kill Donald Trump." (Tsiyon News, Vol. 11.11, 03/16/16 AD)

Clearly, I was not wrong about the hatred and vitriol the globalists would pour out upon the nationalist leader who dared to oppose the stated globalist 2030 goals. During President Trump's time in office the attacks from every direction were constant and never stopped. Why? Because he was obstructing the globalist agenda of course! Take just one issue, the issue of illegal immigration. The 2030 Agenda calls people who cross national boundaries 'migrants' not illegal aliens. Trump wasn't buying that. The United States has immigration laws and he enforced them. For that he was called 'racist' and worse. Why did he do that? Because, he said, "if you don't have a border you don't have a country."

The majority of Americans agreed with that, and still do. It took the dubious Covid 19 and its draconian aftermath, along with 'numerous election irregularities' to prevent Trump from ascending to the White House for a second term. Even after he was out of office his globalist opponents continued their efforts to destroy him, including constant character assassination, outrageous lawfare, and yes, he even suffered multiple assassination attempts. The public saw all of that as political persecution, and in light of the globalist disaster known as the Biden administration, they re-elected Trump for another term.

So did Trump win? Yes and no. He won the election. He did not win the war against the globalists. On the contrary, they will respond by turning up the heat like never before. Don't forget all of the prodigious assets they command, and the army of influential people and companies they control. Don't think they are about to give up on their plan. Most of all, don't forget that Scripture foretells the rise of the global government, and Scripture cannot be broken.

So why Trump now? The grace of God. To give people some breathing room from the globalist oppression, an opportunity to choose Him before the crackdown on all human freedom in the upcoming Great Tribulation.

This is a time of grace. Don't waste it.

"Seek YHWH while he may be found; call on him while he is near: let the wicked forsake his way, and the unrighteous man his thoughts; and let him return to YHWH, and he will have mercy on him; and to our God, for he will abundantly pardon." (Isaiah 55:6-7)
